# Principal's Message

# Reach for the Stars

As I continue to work in the secondary schools of this county, I am constantly impressed by the way in which a large number of individuals manage to work together co-operatively within a comparatively small physical plant to create an excellent environment and atmosphere for teaching, learning, and working. I am particularly pleased and proud to be associated with S.C.I. & T.S. its staff and its students.

The mature, responsible relationship that has been developed at this school between an enthusiastic group of students and a hard-working staff is something about which this school can be truly satisfied.

The outstanding achievements of our students in academics, athletics, and the arts, as recorded in this book, in

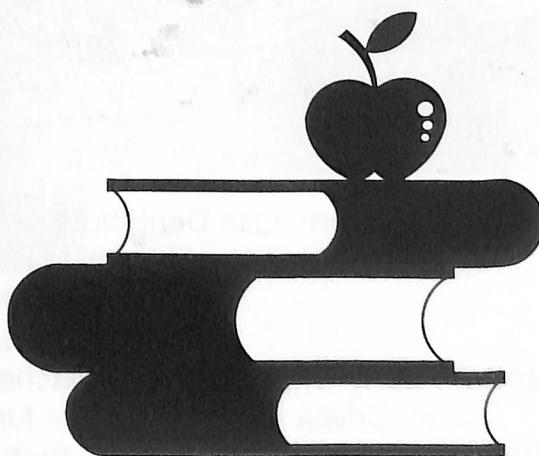

commencement programs, and in the pages of the local newspapers, indicate the success of this school as it strives to serve the young people of the community.

I thank the staff and students of 1998-99 for their contributions to the spirit of this school, and for their accomplishments. May you continue to experience the exhilaration that comes from the successful completion of a challenging task. Always remember that your task—on behalf of the teaching staff who has worked so hard with you—is to always "Reach for the Stars."

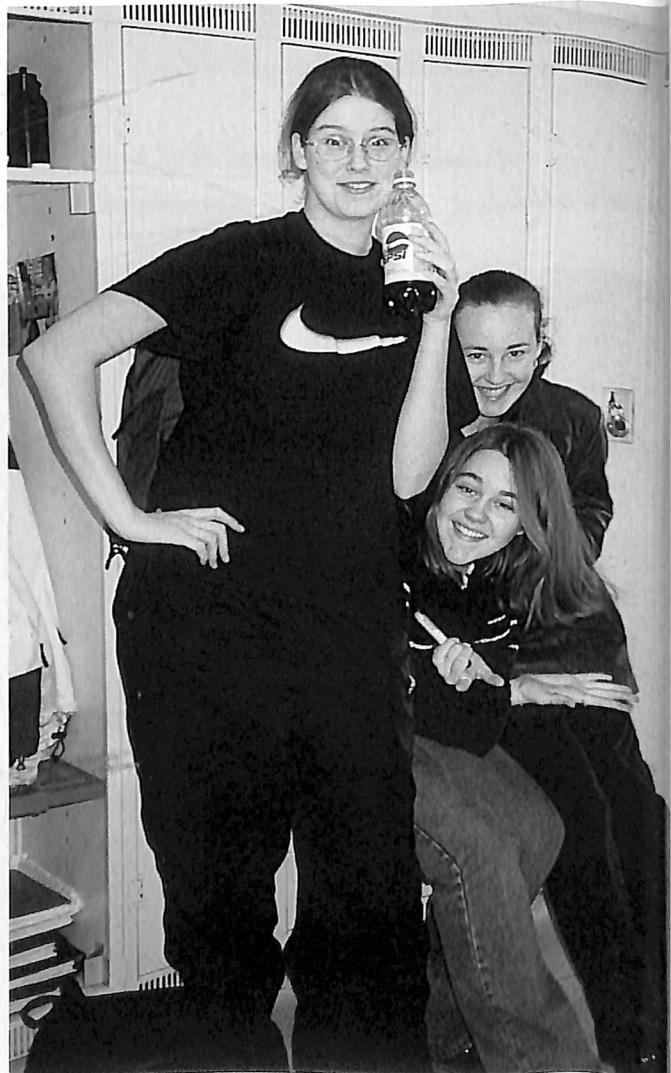

My congratulations to the staff of the Ad Astra and their advisors for another excellent yearbook capturing the highlights of the year.

--K.J. Dawson

# Grade Nines

Who can forget Grade nine?

--Walking into S.C.I. & T.S. on the first day petrified that your locker wouldn't open, and sighing with relief as the janitor cut the lock at the end of the day so you could get your coat and go home.

--Realizing on the first day that all those people who look like OACs in your English class are OACs because it's Day Two not a Day *One*.

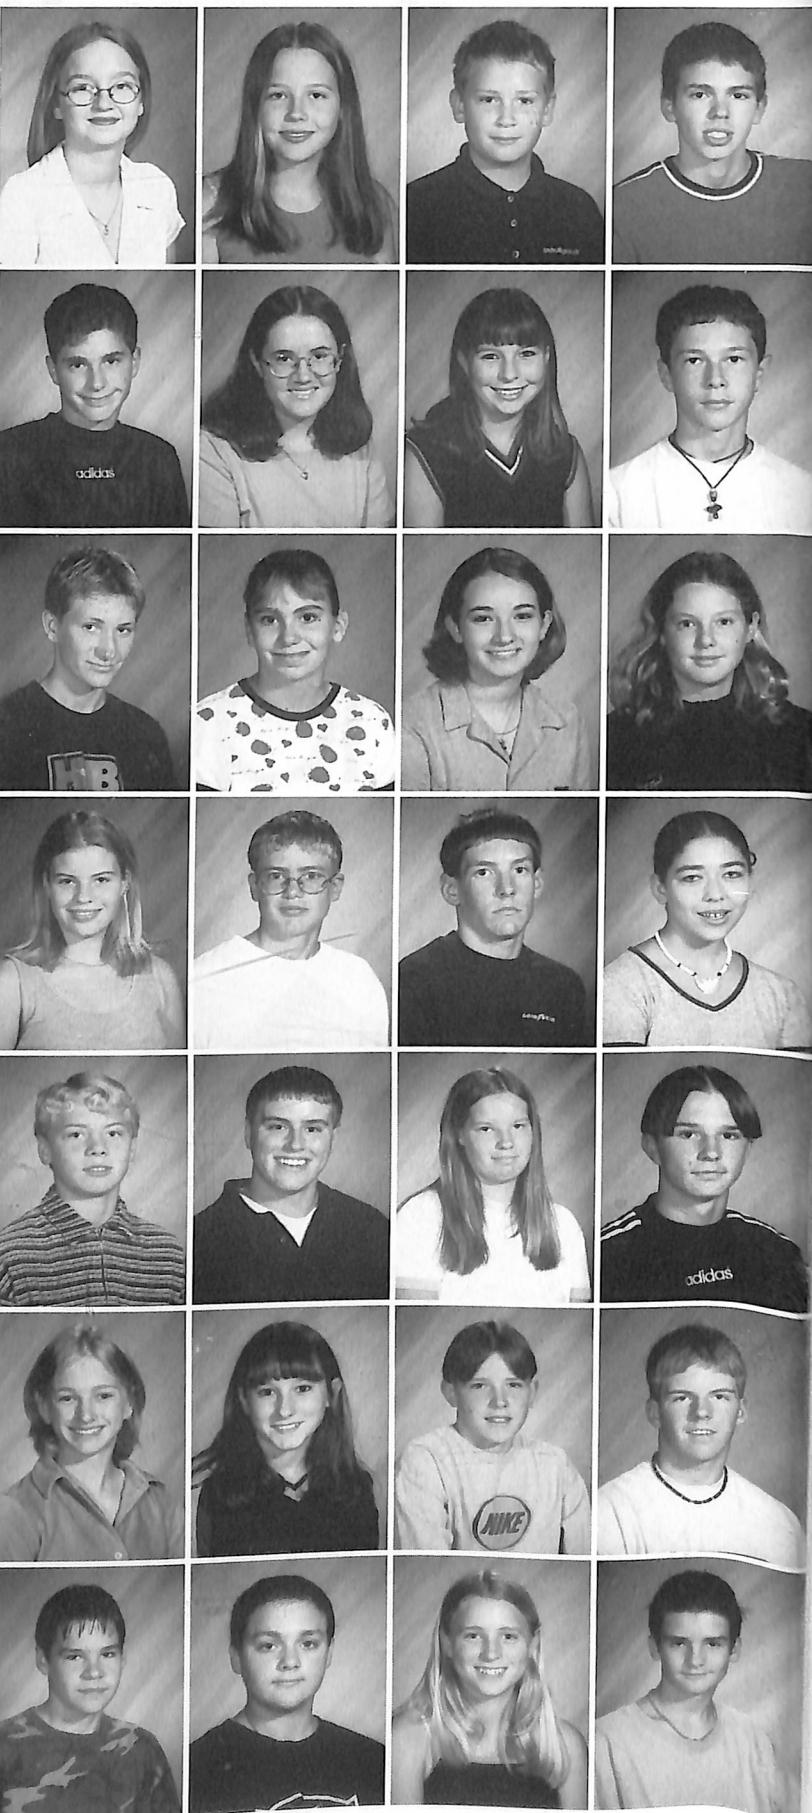

--Anxiously awaiting your growth spurt so that you

were no longer mistaken for a sixth grader.

--Discovering that 99 percent of the teachers here at S.C.I.&T.S. are crazy and the other 1 percent are completely out of their minds-- sorry Mr. White!

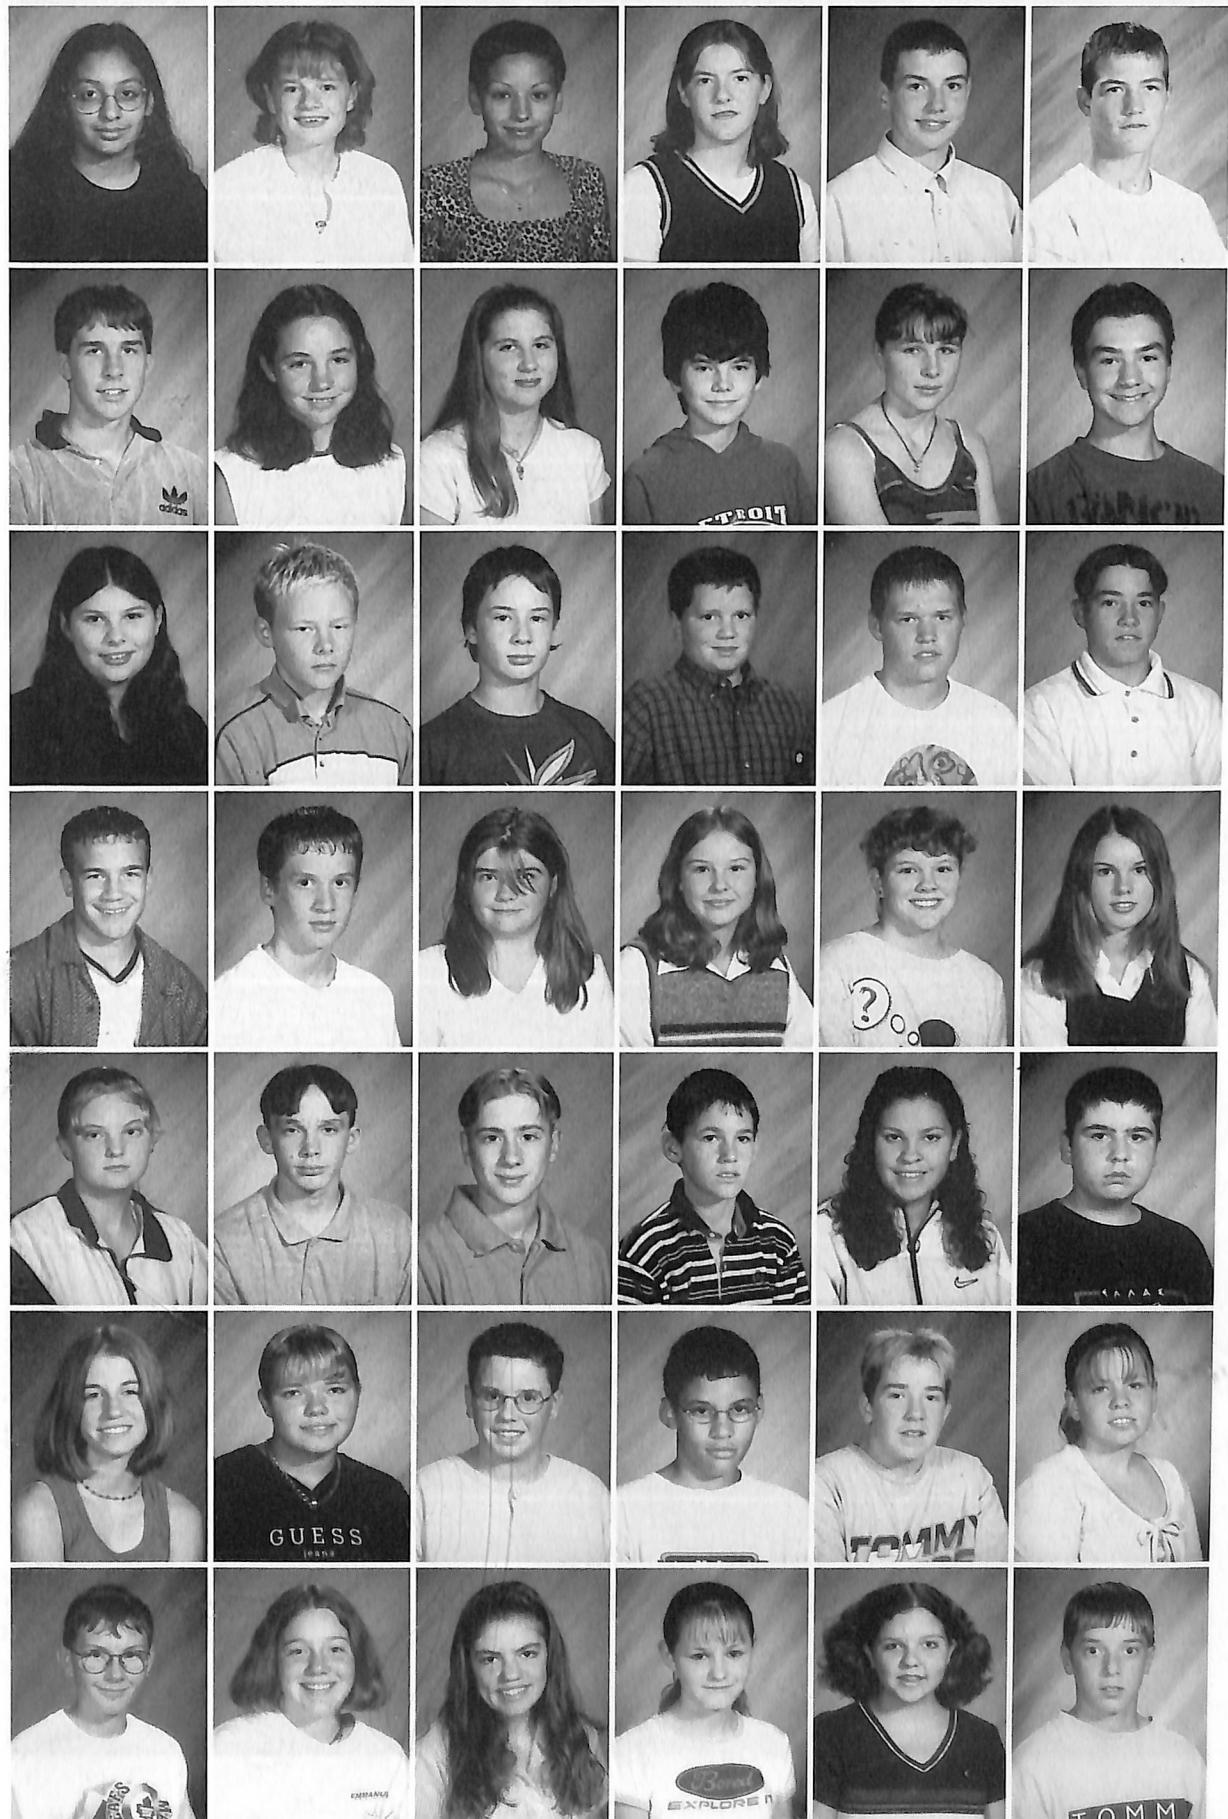

--Getting in the best shape of your life because all your classes were on 2nd and 3rd but your locker was by Gym AB.

--Looking forward to Grade 10 so that you're no longer a *minor niner*.

# GRADE TENS

Who can forget Grade Ten?

-- You're no longer a *minor niner* but to the seniors you're still *only* a Grade Ten and the Grade Nines think you're one of them.

-- You're either getting your G1 or trying to convince your parents you were born in January *not* December.

-- You find out what they mean by General and Advanced classes.

-- You spend every night planning what you're going to do to next year's Grade Nines and Tens.

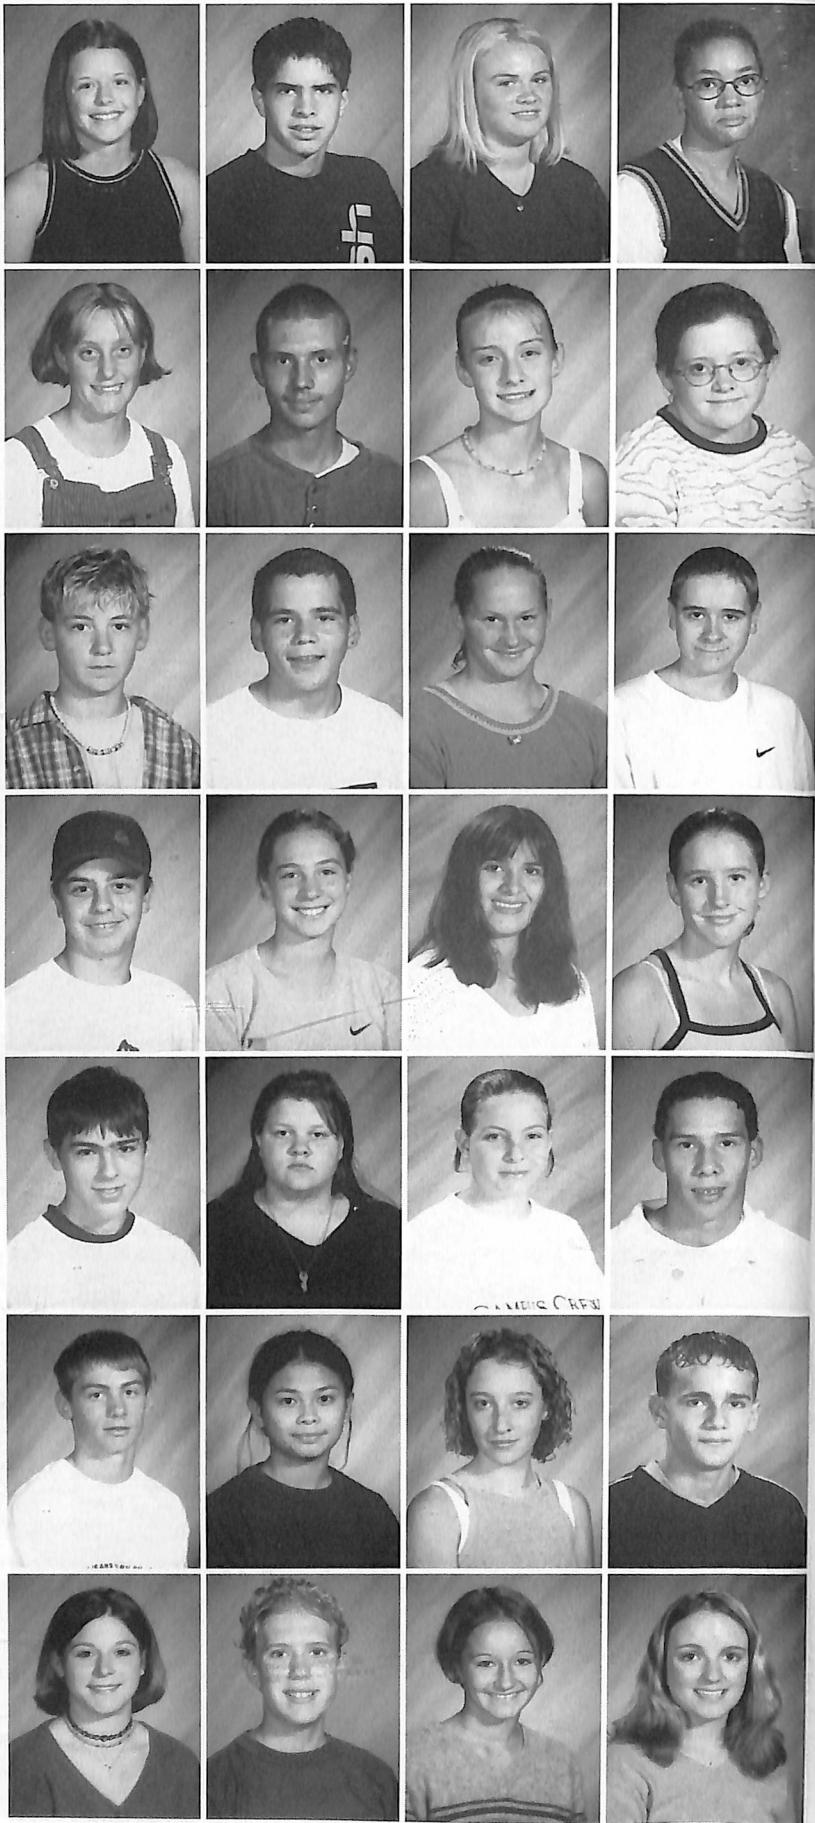

-- You drive for the first time and find out how fast air bags deploy.

# Grade Elevens

Who can forget Grade 11?

-- the year we "knew it all"

-- the year we wanted to have all the privileges of the seniors, but without the responsibility

-- the year everyone started to look to us to get involved with the school activities,

like Fashion Show, SCITS Revue, and Yearbook

-- the year we got our beginner's licence, and wanted to drive to school every day

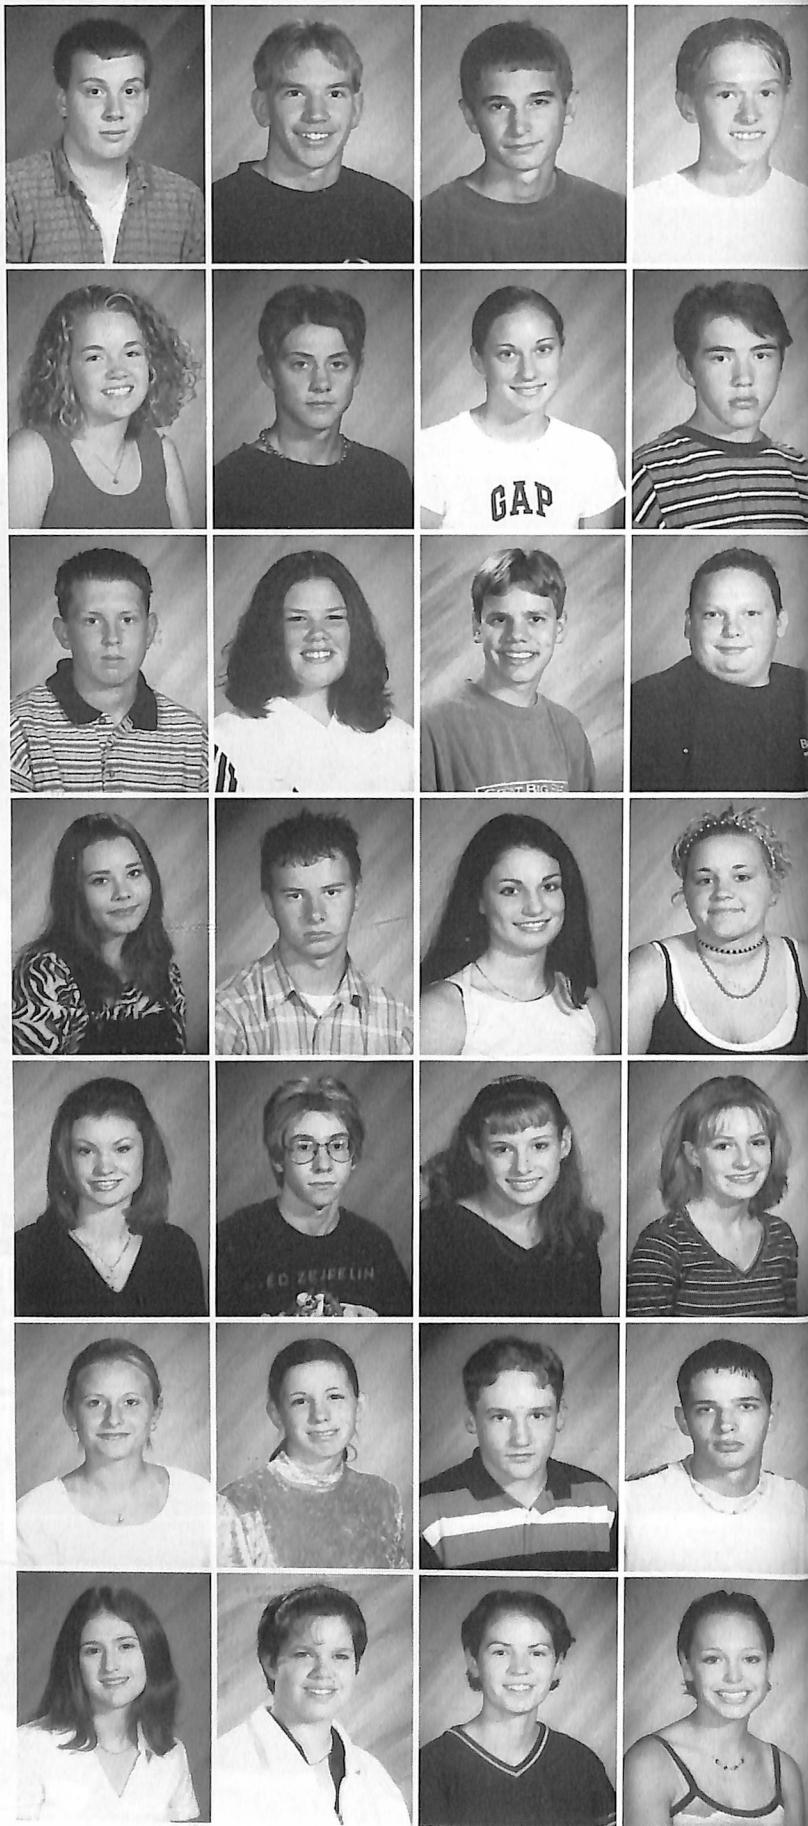

Our Grade 11 year went by so quickly. I wonder how many of these faces we really would not forget...

# VALEDICTORIAN

## NIC ARMSTRONG

When I first got the call to be valedictorian I thought to myself, "This is good. What an honour it is and what an opportunity I have." And then I realized, "Wait a minute... I have to write a speech!" With this in mind I took off by myself to find a moment where I could think. I had so many memories and ideas that picking a starting point would be tough.

"Where do I start?" Then it hit me. Just begin at the beginning. So here we go:

In Grade Nine each of us made an enormous step in our lives as we journeyed from the comfort of public school where we were respected, well-known, and looked up to, to high school where we were now a big group of nobodies, or so it seemed. I can remember, as most of you probably can, walking through the doors of SCITS for the first time with my stomach churning and thoughts racing, trying to anticipate what the day would bring forth. Everything seemed so big--the building, all the students--and I seemed so small and insignificant. What about that lock on the locker? It gave me so much trouble I had to use two hands and carefully turn the spindle until it hit the numbers exactly. And curse the day I forgot my combo!

Yes, Grade Nine was new and confusing and scary, but in a flash it was over. Before we knew it, we were the Seniors. On the first day of OAC when we walked through those same doors as we did in Grade Nine, things had changed. We were calm, confident, collected. Instead of anticipating what would happen, we knew what to expect.

I can now open my locker with just one hand and don't even have to look at it--merely go by the feel--how cool! The teachers who seemed so distant and scary have now become close friends. The school that had once seemed so massive is now just the right fit.

It is amazing what these years at SCITS can do for a person. In high school one learns a lot about their "self"--their likes and dislikes, strengths and weaknesses. One is provided with discipline, work ethic, and time management. These are skills that can be used for the rest of our lives.

I continued to think about the basis of high school and all the things it entails, and this led me to a question--a question that wasn't really easy to answer. I thought, "What is the essence of high school?" So, to try to capture the essence of high school I turned to all the yearbooks I had accumulated in the past. And as I looked through each, I noticed something distinct. Every year we start the yearbook off with the class pictures of Grade Nines to OAC's. I mean, for the first ten or twelve pages, it is just sheet after sheet of faces. Faces of friends, teachers, siblings--and that's when I realized the essence of high school is the people.

We learned to interact with and deal or not deal with a variety of people. People who, as a team, could do so much. [Right Bo?] It was the people in high school that made high school

tick. **You** are the highschool.

With this in mind, I asked some of you, "What was your favorite memory from the years at SCITS?"

**Matt Potter.** It was the time he came off the bench to score two free throws to win the semifinal basketball--while the crowd chanted "Potter, Potter."

**Shelly J.** It was the inspirational speeches Mr. Allen gave in OAC Anatomy.

**Bo Hunter.** It was taking grade 12 math--three times.

I asked Joe Shaw what his favourite memory was and he told me to drop dead.

**John L.** It was flying through a table and getting a sheet of glass broken over his head in WWF week at SCITS.

**Lynda Woulfe.** It was the time Adam DeRooy got hit in the ADAM'S APPLE with an apple.

**I.Z.** It was the time he scored two consecutive touchdowns in the Senior Football Championships.

**Hutch.** It was the time he stole the show in the school fashion show.

**Brett Elliot.** It was the time he met Nic Armstrong.

All of these memories were a reflection of our past and now we are forced to look into the future. As we look into the future there is a great deal of uncertainty for us. It is like we are starting back in Grade Nine again with the butterflies in the stomach and the nervousness.

In the immortal words of my new football coach he tells us to "Never look back, never lose your guts, and make it happen." Not only for yourself but for everyone who has ever invested time or effort into making you, you.

I would be a fool if I did not take time to give thanks where thanks is due. I would like to thank God for his blessings and strength, thanks to my parents for taking care of me always, thanks to you guys for making high school a great experience.

At this time it is tradition that the valedictorian of the school pass on the incoming grade class, a symbolic lamp, the symbol of learning. It is my pleasant duty at this time to continue this tradition and to pass this symbol to a Grade Nine student--ahh, what's her name?--oh yeah, my sister, Miss Natalie Armstrong.

In conclusion, I would just like to say that I hope I have done justice to the high school experience and that this speech will have some meaning for your lives. SCITS had been very good to us over the years and there is no better place to get a high school education. SCI is number one. We've got the best morale, the best sports team, the best teachers, and most importantly, the best students.

# CANNED FOOD PLAYERS 1998

The success of the canned food drive this year was due to the excellent participation from all of the SCI students. We exceeded our goal of 5000 cans by collecting approximately 5,500 cans this year. Mr. Caraher's class were the lucky Pizza Party winners, with an outstanding team effort. SCI donated the cans to both the Salvation Army and the Moore Optimist Club. The staff advisor for this event was Mrs. Young; her excellent student helpers were advisor Kristy MacGregor and organizers Trisha Mackenzie and Joe Doyon. Thank you to everyone who participated.  
**WAY TO GO SCI!!!**

This year the staff of SCI produced another play for the students to reward them for meeting their goal of canned food donations. The Canned Food Players acted out a play entitled, "**Sawdust, Not Just Another Western.**" The play was enjoyed by all staff and students who attended. Congratulations Canned Food Players for another entertaining production!

## POUR LONGTEMPS

Tiens-moi fort avec tes bras affectueux  
Aide-moi à me mettre à dormir la nuit  
Sache que quand le matin vient  
Votre visage brillant m'attend

Le temps pourrait être difficile, mais nous pouvons nous débrouiller  
S'il y a un argument ou un temps inquiétant  
Nous nous aiderons et il tient vrai

L'amour n'est pas juste la seule clé  
Il est le lien de parenté qui est développé entre toi et moi  
J'adore comment je peux te faire confiance, comme tu peux me faire confiance  
Et j'espère que ce sentiment reste

# GIRLS'

## *Senior Girls' Basketball*

The abbreviated 1998 season lasted three weeks and the Bombers Senior Girls' team played each county school once. Even though

the season was short, the girls came together with enthusiasm and teamwork. They worked hard and had fun, but in the end, failed to make the playoffs. Our team graduates--Dawn Boone, Melanie Hockin,

Heather Brown and Vanessa Whiteman--will be missed next year.

Good luck in all of your future endeavours! Returning next year will be Emily Tidball, Laura Aberhart, Jessica Shelley, Stephanie Barnier, Ashley Fell and Kaley Turner.

Coaching this year's squad were Marnie Buchanan, Walt Fell, and Mr. McLellan.

## *Junior/Midget Basketball*

The girls did a great job this year, considering that the team was made up of both Junior and Midget

girls. The two teams had to join together because there was not enough interest in separate teams this year. We hope that next year we can have two teams again. The girls had fun playing and competing against other teams. They did very well in competition. Their hard work

and dedication was seen on the court, but they were not consistent enough to make the playoffs. We hope to see you all back again next year. The coach was Marnie Buchanan.

**Back Row:** Leslie McBeth, Heather Brown, Dawn Boone, Stephanie Barnier, Melanie Hockin, Vanessa Whiteman, Kaley Turner, **Front Row:** Ashley Fell, Jessica Shelley, Laura Aberhart, Emilie Tidball.

**Back Row:** Elaine Pomoransky, Krista Mullen, Sam Douglas, **Middle Row:** Heather Yates, Beth Fraser, Jasmine Neil, Natalie Armstrong, Linda McBeth, April Jillson, Becky Thomas, **Front Row:** Melissa Dell, Jessica Shelley

**Back Row:** Jessica Shelley, Emilie Tidball, Heather Brown, Melanie Hockin, Linda McBeth, Heather Yates, Kaley Turner, **Front Row:** Leslie McBeth, Stephanie Barnier, Laura Aberhart, Krista Mullen, Natalie Armstrong

# BASKETBALL

**Top Left:** Becky Thomas, of the Junior team, guards a St. Clair Colts player.

**Top Right:** Elaine Pomoransky goes for the lay-up and catches a little hang time.

**Bottom:** Stephanie Barnier takes a foul shot while playing in the Lambton College summer league during the political protest.

## *Summer Girls' Basketball*

This years' Senior and Junior basketball teams created their own league while the teachers were participating in the political protest. SCITS' girls created their own competitive team. They played in the Lambton College gym against a number of teams, teams including the Lambton College Basketball Team. The members of the summer team included Jessica Shelley, Stephanie Barnier, Laura Aberhart, Krista Mullen, Mel Hockin, Kaley Turner, Linda McBeth, Heather Brown, Leslie McBeth, Emily Tidball, Natalie Armstrong, Heather Yates.

# Blue Bombers

## The Senior Boys' Basketball Team:

**Front:** Erin Chapman (Team manager), Coach Partridge, Gord Bayly, Justin Randall, Steve Fournie, David Sioson, and Josh Armstrong.  
**Back:** Dave Russell, Doug Jones, Jordan Whitman, Travis Will, Alex Pomoransky, Scott Benedikovic, and Ian Yates.

## Senior Boys' Basketball

If a season is measured merely by the number of wins and losses, this year's Senior Boys' Basketball season was a disappointment. However, if one considers heart, hard work, and fun, this season was a triumphant success. A few tight losses were all that stood between the Bombers and a playoff spot. The team was led by seniors Justin Randall, Steve Fournie, Scott Benedikovic, and Ian Yates. Highlights of the season include making the semi-finals of the Panther tournament, and the finals of the St. Thomas tournament. With four starters graduating, next year's team will be young, but exciting.

## Midget Boys' Basketball Team:

**Front:** Chris Tovey, Tyler Taylor and Pat Daly.  
**Back:** Steve MacDonald, Matt Nisbet, Kevin Van Horne, Matt Douglas and Alex Smith.  
Missing: Mike Shannon, Tyler Brandon, Mark Gibson, Bryan Banks and Coach Lynch.

## Midget Boys' Basketball

Considering that our team had very little experience playing together before this year, and played in a league where all other teams had many years together, our season would have to be termed a great success. We played all games very close, and by the end of the year were able to defeat provincially-dominant St. Pat's in their own gym. Kevin Van Horne is congratulated for being named to the league All-Star team. Look out for this team in the future!

## Junior Boys' Basketball Team:

**Front:** Matt Daye, Will St. Jean, Dustin Mitchell, Aaron Levesque **Back:** Jason Gordon, Chris Archer, Justin Tennant, Shawn Mills

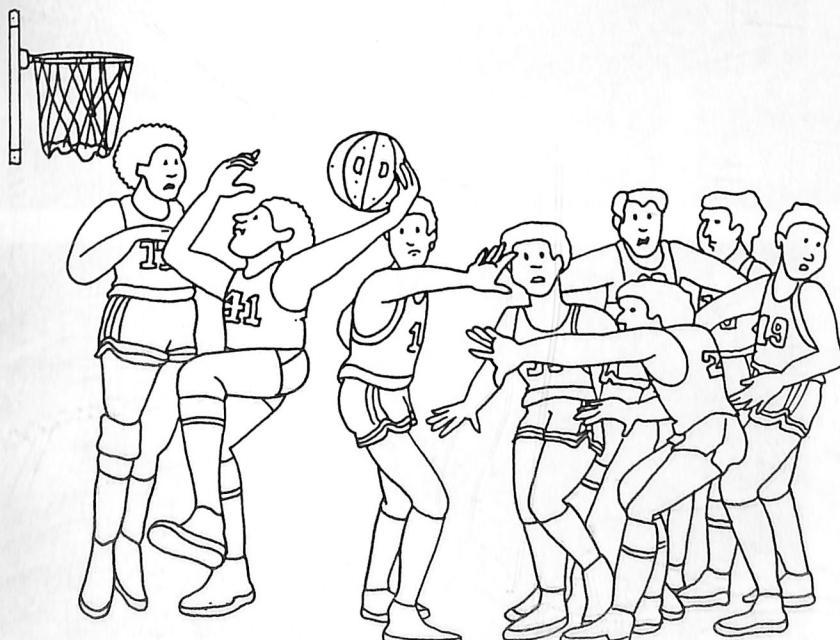

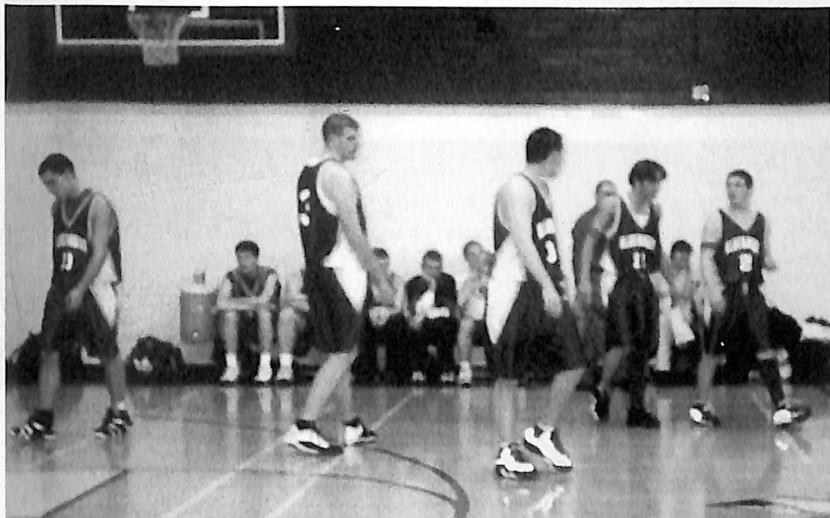

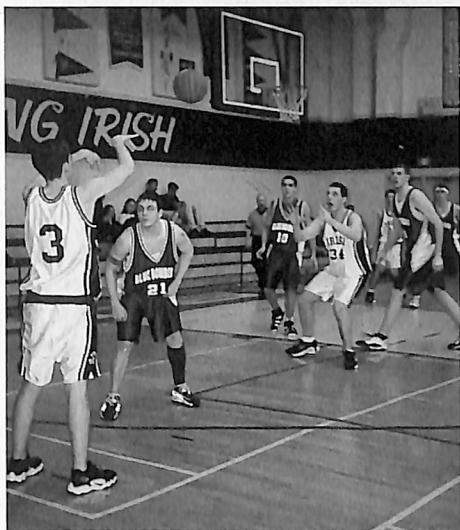

## Junior Boys' Basketball

When it looked as if SCITS would not be able to field a team because we did not have a coach, Miss Candi Richards, a SCITS alumnus, volunteered to coach the team.

Who would have thought that after going through a phase where only 5 students would show up to any given practice, things would have turned out so well? After a somewhat hesitant start,

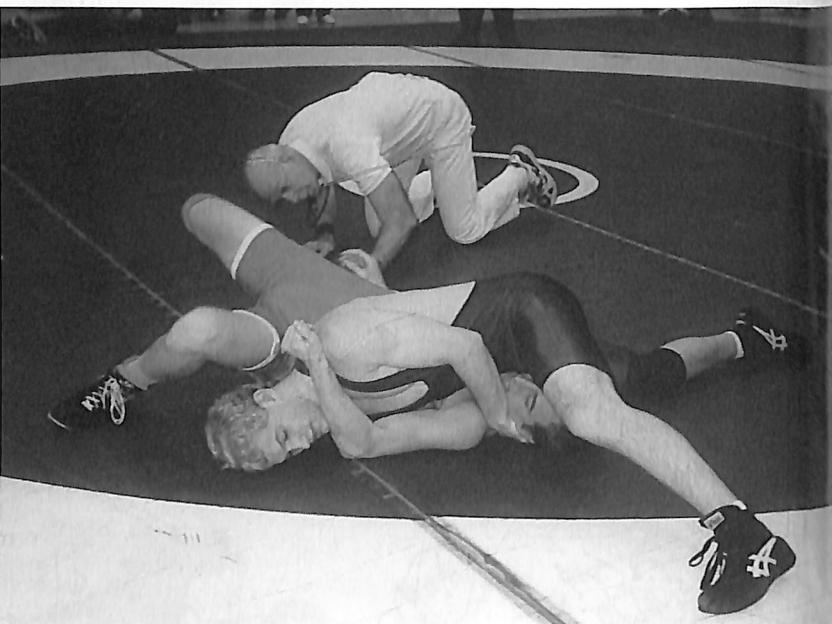

the S.C.I.T.S. wrestling team once again showed exactly why they are so well known. Walking away with both the LSSAA and SWOSSAA Championships, S.C.I.T.S. had a strong finish at OFSSA, placing 8th in a very competitive field, with

Mike Fischer and Ryan Huckle both placing 3rd. A great season was had by all. Good luck to all who are coming back next year. **Let's Keep The Bomber Tradition Alive!**

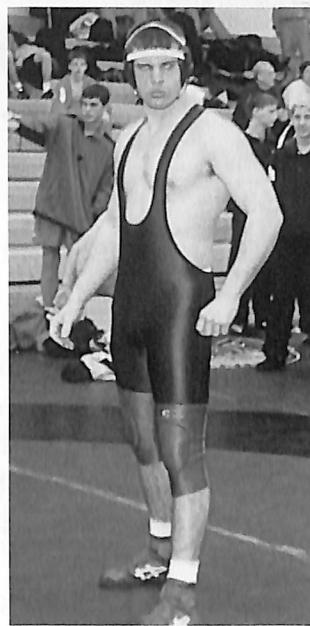

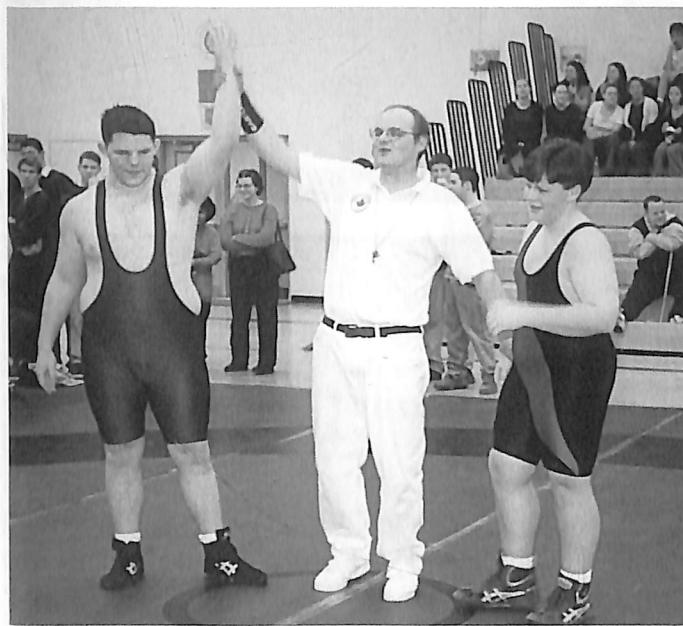

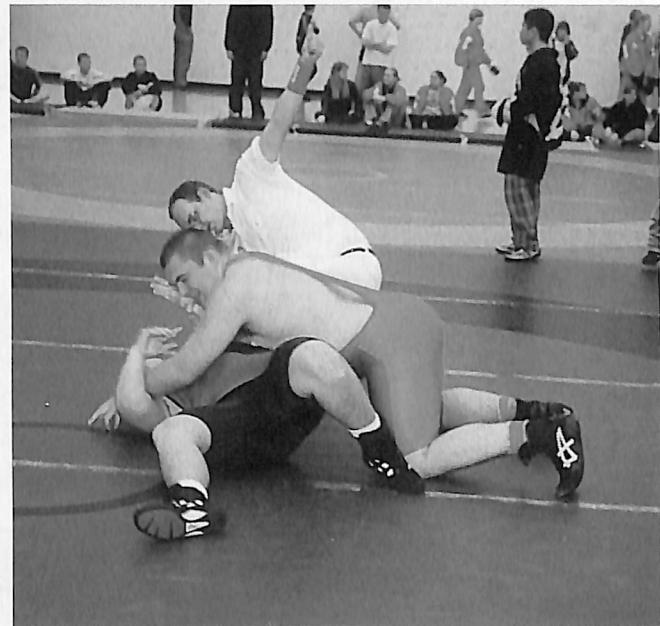

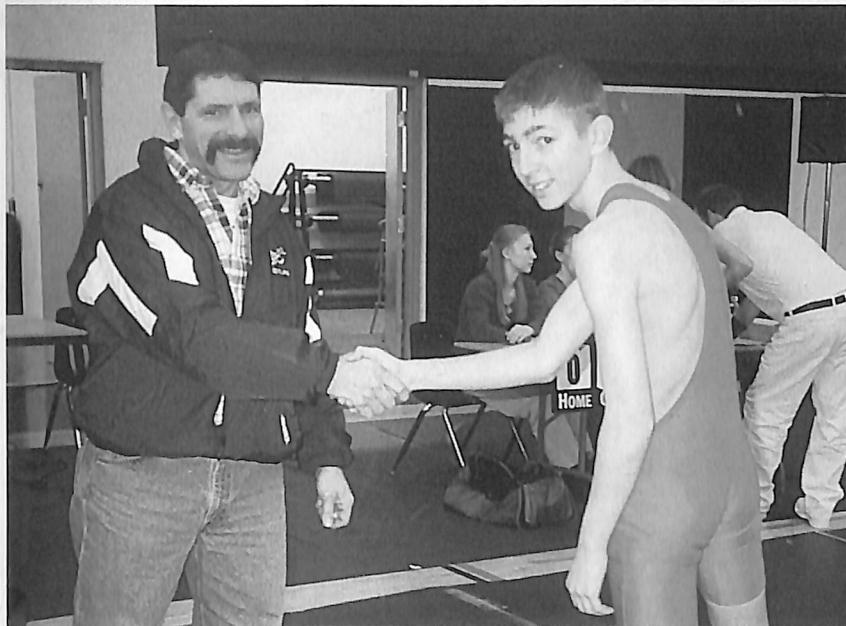

The coaches of the wrestling team were Mr. McNamara, Mr. Wyville, Mr. Hunt, and Mr. Archer. Team captains were Mike Fischer and Adam DeRooy. The Team ended the season as Champions of LSSAA, 1999; Champions of SWOSSAA, 1999, and 8th place at OFSSA.

# Boys' and

The abbreviated '98-'99 season proved to be an interesting one. The Bombers gave every team a match they would remember. The

"Boys in Blue" dominated the Irish and the Colts, not losing a game to these formidable foes. It

was only because of two questionable losses (North Lambton and St. Christopher's to St. Pat's) that bumped SCITS out of the playoffs. Rumor had it that neither St. Christopher or North Lambton was anxious to play the

Bombers in the playoffs. Our Bombers were represented in the scoring race by Keith Nickason with 18 points, Ryan Easter with 15 points, and Adam Maas with 13 points. Next year's team looks awesome as 15 players are returning.

# Girls' Hockey

The Girls' Blue Bomber hockey team participated in the 1998/99 highschool hockey tournament, and came out playing with true SCITS spirit. Games were played as follows:

**Game #1:** SCITS vs. St.Pat's (3-3 tie). SCITS goal scored by Kara Yorke.

**Game #2:** SCITS vs. Northern (2-2 tie). Mel Serwatkiewicz scored; Kim McKegney scored with 8 seconds left in the third period to tie the game.

**Game #3:** SCITS vs. North Lambton (5-0 win). SCITS goals scored by Kim McKegney, Shannon McNair and Kara Yorke. SCITS played North Lambton two

other times and beat them 4-2 and 11-0.

**Game #4:** Semi-final game vs. LCCVI (3-3). Lost in 5-minute overtime and shoot-out. SCITS goals scored by Shannon McNair and Larissa Stewart.

These girls played with determination and hard work. Special thanks goes to the St. Clair Colts players who made up half of the team. The Colts' players also contributed their skills and hard work over the season and made the first-ever Girls' Highschool Hockey team one to be proud of. SCITS players thank Mr. Robinson who coached the team through the good times and bad. Way to go, Girls! Hope to see

you out on the ice next year!

# 1998 - 1999 \* GIRLS

## Senior Girls' Volleyball

The Senior Girls' Volleyball season was a great team effort in striving to reach the LSSAA Finals once again. Their journey began with tournaments at Wallaceburg, Sarnia Northern, and Chatham-Kent and was completed with a 3rd-place finish overall following the LSSAA season and tournament.

The team's hard work and sheer determination during the season should have been enough in the semi-finals; but alas, it was not meant to be.

St. Christopher's home court advantage, as well as their better court play for the day, moved them into the finals against Northern.

A heart-breaking miss of this year's finals, but this graduating group of young ladies has been the most successful in SCITS history. They won the LSSAA titles as Midgets and Juniors, as well as being Senior Finalists last year. They have always stepped up to the task, and given their proud coaches--Mrs. Young, Mrs. Amlin and Mrs. Girard--very large grins.

Best of Luck and a huge Thank-you to Dawn Boone, Mel Hockin, Michelle Mercier, Jessica Millar, Janette Routley, Amanda van't Voort, Stacey Westbrook and Vanessa Whiteman. We are looking forward to the coming years with the next crop of volleyball enthusiasts.

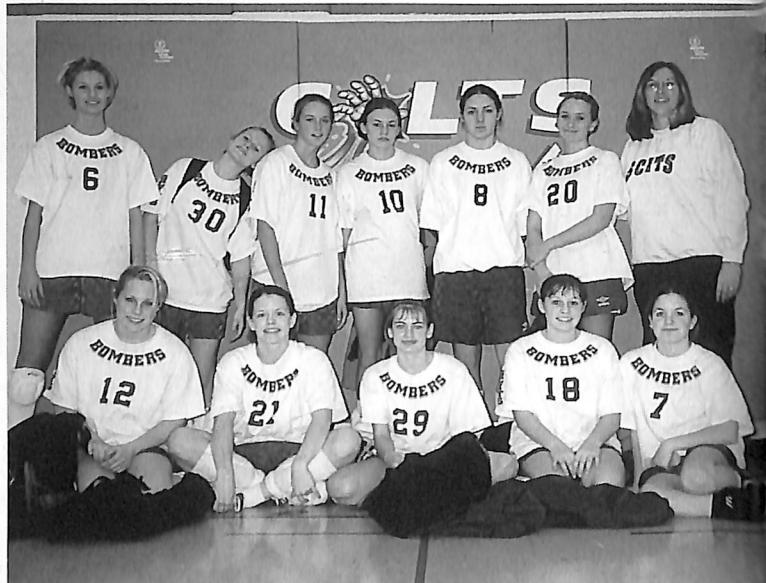

## Junior Girls' Volleyball

The Junior Girls' Volleyball Team had many smiling returnees from the Midget squad along with two new members in Adriane and Meghan at set, and three veterans in Holly, Ashley, and Krystal. Court experience was definitely needed this year, and shone through, especially in our matches with LCCVI, the eventual LSSAA winner.

The Northern tournament was great fun as everyone played and we worked well as a team. The Bombers could not, however, complete our goal of making the play-offs, as we again needed the next-to-last game in the LSSAA tournament to be a winner.

A 5th-place finish again, but we all look forward to the Seniors next year.

With continued improvement and fine tuning, we'll finally achieve our goal. Congratulations to a fine group of volleyball ladies!

## *Midget Girls' Volleyball*

This year's Midget Girls' Volleyball team showed great determination and excellent team spirit. On many occasions they fought from behind to win.

With a 12-6 season record, the girls entered the LSSAA tournament in the 3rd spot. An 8-4 tournament record helped them to maintain 3rd place. In the semi-finals the girls played well, but were unfortunately eliminated.

The girls should be proud of their accomplishments, as they were the only team capable of beating the LSSAA winners, St. Christopher.

Have a great Junior season next year! We look forward to seeing you all back in 1999-2000!

The **Senior Boys' Volleyball Team** competed in a 4-team Tournament hosted by St. Clair on Friday, November 13. Our boys started with an impressive win over the North Lambton Eagles, but couldn't keep up their steam versus St. Christopher or defending champs, St. Clair. The team eventually finished in 3rd place with St. Clair, the tournament champs. SCITS was a second representative to OFSAA with Chatham-Kent.

Despite the late start because of the teachers' protest, Mrs. Amlin was very

happy with the team, and wishes to thank the boys who came out this season. She hopes that next season will be even better.

Thanks to Mr. Vale who assisted Mrs. Amlin after the first game. The boys appreciated his support and expertise.

We will miss the graduating crew of Ross Carlton, Steve Fournie, Scott

Benedikovic, Jean-Paul Steevensz, and Alex Pomoransky. They were an enjoyable and fun group of gentlemen to coach. Best of luck in the future. Everyone looks forward to next fall and competing for a full season.

# RUGBY

This year's Rugby team was very small in numbers--not in size. Since too many of the team members did not show up to the practices, the SCITS' season was cancelled. But they were able to play a couple of games before that decision was taken--against Dresden and LCCVI.

The team members pictured are: Leonard Payne, Chris Watson, Rob Dalgety, Dane Osborne, Scott Lawrence, Craig Williamson, Anthony Robbins, Nathan Sowerbutts, Josh Armstrong, and Mark Wyvile.

# Girls' Soccer

Both the Girls' and Boys' Soccer Teams won the LSSAA Championships at Norm Perry Park on Thursday afternoon, May 20. A huge contingent of fans--students, staff, and parents--crowded the sidelines and provided the impetus to put our Bombers over the top.

The girls enjoyed an undefeated season, culminating with a suspense-filled 3-2 win over St. Christopher. The boys won their championship in a sudden-death shoot-out, after 20 minutes of overtime. They defeated LCCVI for the victory. This was a very exciting day for Bomber fans, players and coaches.

One week later, May 27, the girls defeated Windsor St. Joseph for the SWOSSAA championship. Now it's on to OFSSA.

Well done, Bombers! Congratulations, Champs!

Under the expert guidance of community volunteer coach, Rev. Bruce Genge, the Blue Bomber Swim team had an enjoyable season. The team consisted of about 20 swimmers. We had a good turnout of girls particularly, from Grade Nine, but, unfortunately, only three boys. The team won their dual meets against St. Clair and LCCVI, teams of comparable size. Considering its small size, the Bomber team did well at LSSAA capturing its share of placings and ribbons. *Amanda Smith, Jill Collins, Katie Lebel and Rachel Shea* qualified to represent SCI at OFSAA and are congratulated for their fine efforts! Our team is a young team and we look forward to their future achievements!

# Track and field

As in past years, the early numbers for the track team were over 50. But as the season progressed, only half of the interested students stuck it out. Once again, the team was led by veteran field coach, Mr. Farina, while his support staff included Mr. Harris, Mrs. Amlin, and rookie coach, Ms. DeGurse.

Returning medalists from last year include Kim McKeegney, Stephanie Nethery, Trish VanOosterom, Doug Jones, Travis Will, Laura Aberhart, Janette Routley, Melissa Stitt, and Vanessa Whiteman.

Up-and-coming rookies include Natalie Armstrong, Beth Fraser, Trista MacKenzie, Melissa Dell, Amy Henry, Rachel Shea, and Linda McBeth. For some reason, Grade 9 boys seem to shy away from the competition despite the large number of girls who come out for the program.

This year's tennis team was small but mighty. The tennis team had a "backhand" stroke of luck when the rugby team folded. We gained two good players and good athletes in Josh Armstrong and Jeff Grant --both first-time tennis players.

The group of students who participated in this year's team were very enthusiastic

and always played their best. As the season progressed the team developed, improved their skills, and were able to win more games.

Mrs. Porter extends her appreciation to this small but dedicated

bunch. Good work boys and girls! Good luck to Dawn and Andrea at university next year. All the best wishes for your success.

It is hoped that the others will return to tennis next spring.

**Front Row:** Elaine Restorick, Katie George, Audrey Restorick, Miranda Restorick and Trisha MacKenzie. **Back Row:** Dawn Boone and Miss Kostaniuk.

The GAA this year was composed of a very small group of dedicated students. Miss Kostaniuk lead the GAA in organizing events. We held a Christmas Bonanza Raffle. Students bought tickets for prizes, and what a success it was! Many students and teachers went home with delightful Christmas gifts while all proceeds went to various local charities. The GAA was involved with school activities, especially the Fashion Show where the girls helped behind the scenes with refreshments and programs.

The GAA has long been a vital part of the school and was active in school dances, which are no longer allowed.

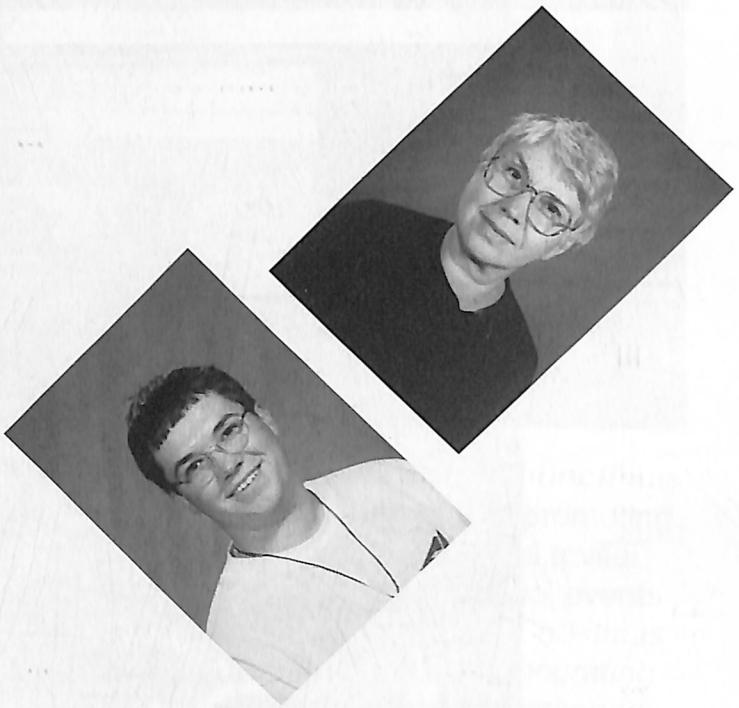

The GAA functions to help raise school spirit. Bomber temporary tattoos were a very popular item in the spring. The annual Spirit Supper at the end of May is another popular event for student athletes, their families and friends, a recognition evening. Athletes of all sports are welcome to attend the dinner and awards celebration held the school cafeteria.

This year we bid a fond farewell to Miss Kostaniuk who has been the life of the GAA for many years at SCITS. Good luck! We'll miss you dearly!

# LIBRARY CLUB

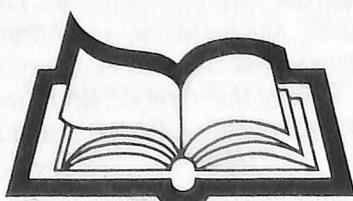

The Library is a popular place for students to spend time during lunch and spare periods. The **Library Club** and the librarians, Mrs. Turnbull and Mrs. Vilcsak help with any books that one might be searching for; as well they assist students to find periodicals.

Library Club members monitor the circulation desk, help to reshelf Library Resource Centre materials,

and assist with the filing of vertical file articles. They can work before or after school, at lunch hour, or if they are senior students, during free periods. Their efforts can earn them up to 10 points toward a school letter.

This year's Library Club is down to two members: Nancy Douglas and Brian Braekevelt. New "recruits" are always welcome!

The **Students' Council** was very active this year in promoting school spirit, and played a vital role in most of the school events such as the *Play Day*, *Christmas Assembly*, and *Door Decorating Contest*. The Council arranged Theme Days such as "*Hat Day*," "*Fun in the Sun Day*," and "*Tacky Tuesday*." The Council also organized days such as "*Slave Day*" to raise funds for school events.

The Students' Council was led by our Prime Minister, Brian Braekevelt, who was supported by his hard-working Cabinet Ministers. The Ministers provided dedication and creative ideas to promote school spirit through activities in which all SCITS students could participate.

Students' Council staff advisors offered a tremendous assistance with all major events. Special thanks to Ms. Fraser, Mr. Richardson and Mrs. Ruffilli for all of their dedication, time and effort.

All students are urged to take part in school events. **Get involved!**

# OAC \* ANATOMY

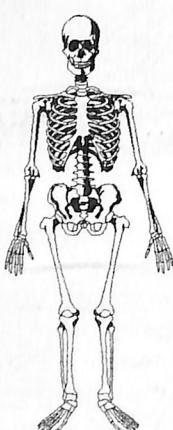

The First Semester Anatomy Class was full of outgoing, ambitious OAC students who planned and organized many school events such as Euchre tournament, Welcome Week, Turkey Shoot, and Bowl-era '98. The Anatomy class consisted of 25 students who ended their class with a Ski Trip at Exam break which was open to other senior students. Three students organized the 3-day trip to Collingwood at a Ski Resort. What a great way to end the year in the OAC Anatomy Class!

The Second Semester OAC class was a very small class of approximately 14 students. They planned their own leadership projects such as the 3-on-3 Basketball tournament. Each student must plan and lead a school event as part of the course curriculum.

Over the years students have written stories about what they have achieved or found through taking the OAC Anatomy class. As a teacher, it makes me feel good that students can take something from this course that may have some effect on their lives now and in the future.

However, on the flip side of teaching is how the teacher feels or what he/she takes from the class. This year's O.A.C. classes had a

tremendous impact on me in that every morning I woke up and I looked forward to seeing, Jean-Paul, Andrea, Ross, Booner... I looked forward to the many intelligent conversations and revelations that took place everyday. The intelligence level and broad range of knowledge was invigorating. It left me with the feeling and assurance that the teachers in this school are doing a great job at challenging our students to become the best at anything they do.

Students and teachers, I am very lucky to have the opportunity to teach such great students such as the Travis VanGavers, Ryan MacMillans, Katie Georges, and Amanda Smiths. What I like best is when they come back to visit...my door is always open.

# Christian Fellowship

This year proved, yet again, to be a fun-filled year for the members of the SCITS Christian Fellowship. Every Wednesday at lunch, students from Grade 9 to OAC gathered to make new friendships with other Christians in the school, and learn more about what being a Christian all about. Throughout the year, there were a few guest speakers brought in, including youth pastors from some of the local churches.

Members of the group had fun doing random acts of kindness, visiting the elderly at Vision Nursing Home, and giving

away the MXPX CD at Christmas.

Janette Routley was the student leader, helped by Narissa Schofield and Sarah Harding. Mrs. Peterson and Mr. Richardson, the teacher supervisors, remained very encouraging throughout the year. Most people involved with Christian Fellowship were also found at morning prayer daily in the auditorium.

In September, many Christians joined together around the flagpole praying for our students, teachers, and other leaders. They all stick to the motto that "God is good--all the time."

Through the total commitment of students and staff at SCI&TS, this year's Yearbook has been a great success. Thank you to all of the staff and Yearbook Committee members for their support and cooperation. Without the assistance of every single contributor, the yearbook would not have come to completion. All who have been with the yearbook team have gained an invaluable experience. We hope that students and staff will look at the 1998-99 yearbook and see it for its lasting value, and recognize the effort and skill which has been put into each page.

# Wellness

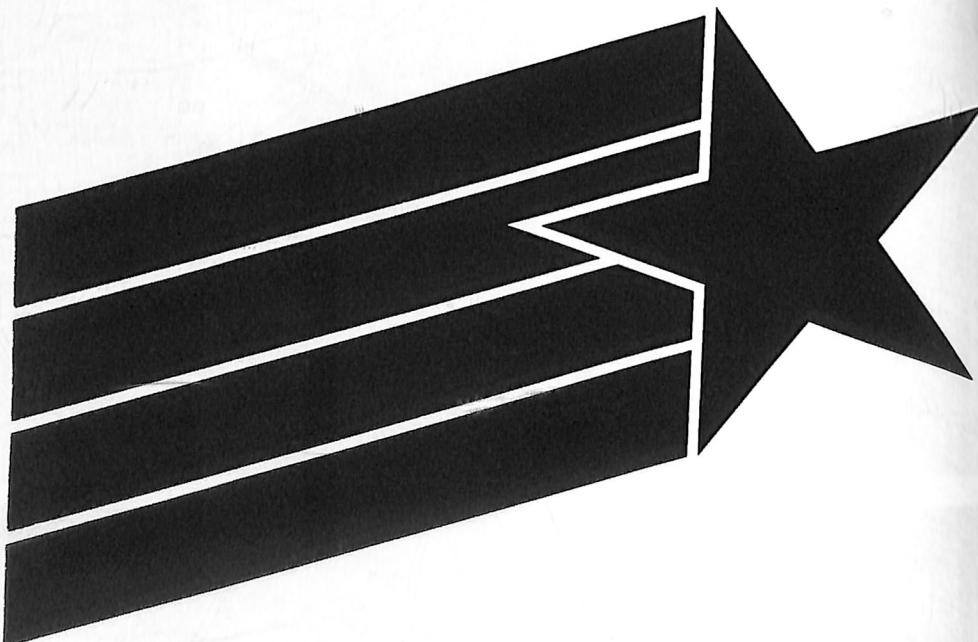

The **Wellness Committee** provides an opportunity for all the students of SCITS to become involved in a club, the purpose of which is to promote general overall wellness.

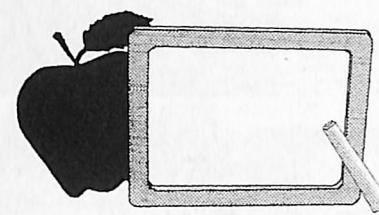

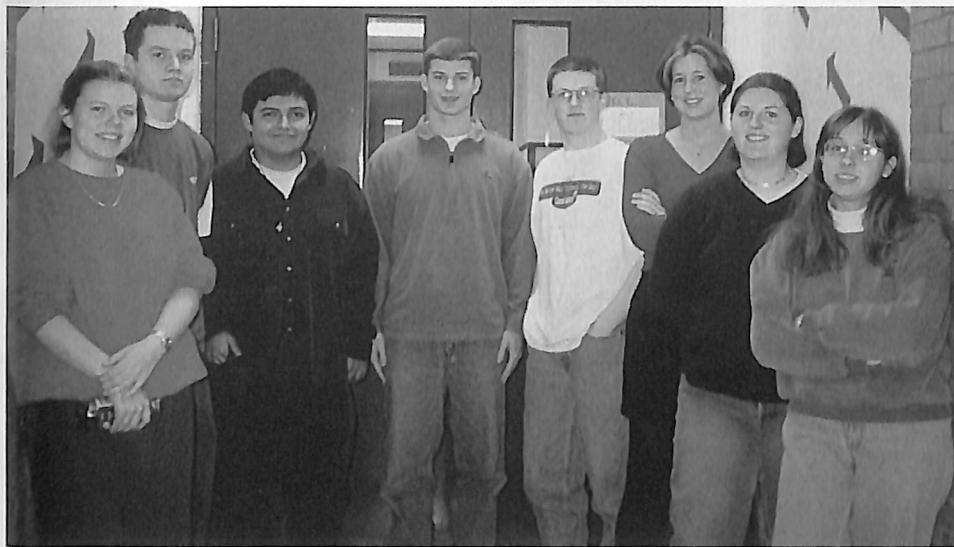

Wellness addresses issues such as sex education, conflict, dating, pregnancy, suicide, violence, substance abuse, peer pressure, relationships, loneliness, racism, stress, weight control, physical activity, happiness, healthy eating and tobacco use.

This year, Wellness sponsored homeroom challenges during Drug Awareness Week and Nutrition Month. We held an Anti-Smoking Poster Contest and other school-wide events. Several students were involved in a county-wide Student Wellness Conference. At the conference, students participated in games, such as Flags, King's Court and Dodge Ball. The students discussed proper nutrition and the benefits of a healthy lifestyle. All participants in the conference are students interested in healthy living and are students who plan on continuing with the Wellness Club in future years.

During this school year, the PAL (Peer Assisted Learning) Centre has been met by great enthusiasm by teachers and students. More than thirty PALs have given generously of their time (a minimum of one hour each week) to help junior students achieve academic success. Besides academic success, our junior students acquired more confidence in not only their subject areas but more importantly themselves. It was a pleasure watching Juniors and Seniors

working together. Many Seniors found that their patience level and communication skills improved. Junior students were helped in the areas of Math, Science, English, History, Geography, and French. Subject teachers have commented on the positive results noticed in their classrooms with regard to the students being helped.

On a personal note, Mr. Farina would like to warmly thank all of our P.A.L.S for the support and

mentoring you have done. We feel extremely proud and appreciative of your kindness. Collectively you have demonstrated your maturity and willingness to help others. You are a fine reflection of the spirit that is Sarnia Collegiate. After ten years of running P.A.L. program as a volunteer service, we are hoping to offer it as a credit course next year.

Check off Peer Helping (NGP 4A1) and get involved in the program.

# *JOHNSTON MEMORIAL*

## *Breakfast Program*

This year a group of senior students volunteered once a month at Johnston Memorial to assist with the school's breakfast program. The SCITS students would arrive at Johnston around 7:30 a.m. to start preparing the breakfast and setting up chairs and tables. The SCITS students and other volunteers would serve breakfast, free of charge, to any Johnston student who arrived.

All who volunteered received words of appreciation from organizers of the program for their outstanding work ethic

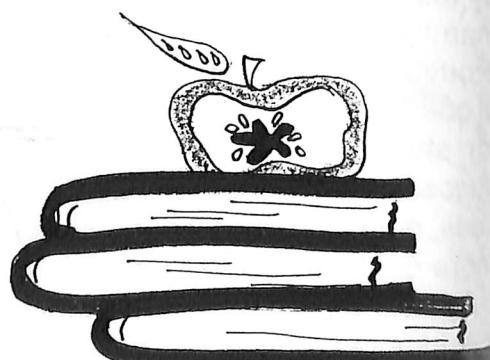

and dedication to the school.

The students were able to volunteer at Johnston and provided a positive contribution to the community.

Everyone involved enjoyed working with the other volunteers and the students. All experienced a feeling of great satisfaction having been able to give a little something back to the community and help such a worthy cause.

Johnston Breakfast Program volunteers included:

**Front:** Melissa Perry, Jessica Millar, Cortney Anderson, and Julie Stewart. **Back:** Josh Walter, Dawn Boone, Lindsey Urquhart, Elaine Restorick and Katie George. **Missing:** Sarah Lalonde, Kristina Grennan, Mark Wyville, and Mike Fischer.

# Our Tech Crew

**Above:** Tech Crew members: Pat McLaughlin, Doug Jones, Justin Smith, Dan Tidball, Jeff Hodges, Joel Harding, Jeremy McKellar and Krista Brydges.

**Left:** Ryan Whittle and Dan Tidball know their way around technical gadgets.

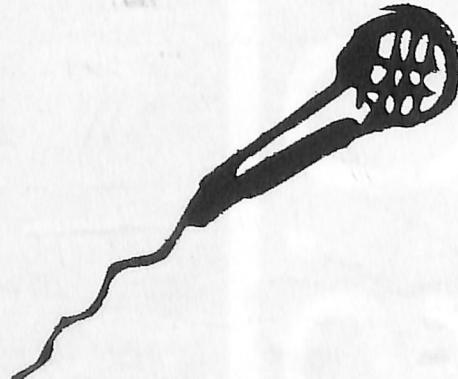

The **Tech Crew** plays a large behind-the-scenes in any production that occurs in the SCITS Auditorium. They handle everything from the sound and lights to the placing of props during any one of the shows. The **Tech Crew** usually plays a part in the creation of sets and any major props that need to be built. Although there are no specific groups of students who run each show, there are always a few that have some experience from years past to pass on to the newcomers. Mr. McLean and his fellow shop teachers also pass on a great deal of knowledge that they

have acquired in the many years that they have been assisting with productions.

Each show requires its own unique technical assistance and so the **Tech Crew** is always busy with shows like the SCITS Revue, the Fashion Show or even just one of Mr. White's performances. The **Tech Crew** go to practices, learn cues and design lighting schemes. The **Tech Crew** stays busy working with sound and lighting and deciding which lighting technique best suits each individual performance.

At every show new friendships

between Cast and Crew are formed and so the **Tech Crew** is a great way to get involved if you want to stay *out* of the spotlight.

# \* Concert Band ...

The **Concert Band** this year was one of the smaller bands in recent memory. The small, dedicated group began practices every Tuesday morning before school. The band played pieces such as "March to the Scaffold", "The Beatles' Greatest Hits" and by far the most popular, "Titanic." The Band had a late start this year--not until second semester. The Christmas Concert was something which was missed by all. The band staged a Spring Concert this year which was a resounding success.

**Right:** The wonderful conductor, Ms. Catton, shows off the true personality which makes her so lovable to all of her students.

**Bottom: Front,** Pat Pevec and Dan Tidball.

**Second row:** Linsey Jones, Nicole Chudy, Katie George, Nancy Douglas, Amy Howard, Terri-Lynn George, Angela Henderson, Bev Chivers, and Miranda Restorick.

**Third row:** Christine Palya, Lyndsey Boston, Kathy Levan, PJ Sparks, Eric Chorostecki, Jen Griffith, Rob Grudnik, Vince Nutt.

**Back row:** Erin Watson, Jessica Chorostecki, Ms. Catton, Kyler Brouwer, Dallas Boychuk, Tim Grace, Dustin Halliday, Gord Spence, and Brian Green.

**Missing:** Jessica Henderson, Laura Griffin, Krista Griffin, Amy Wessner, Janette Routley, Travis Gaeler, Nathan Looyenga, Kristy MacGregor, Josh Burden, Josh Walter, Nina Arboine, Heather Henderson, Jen Vanderwal, Katie Jubenville, Dave Mitchell and Micah Walter.

# ...Jazz Band \*

This year's **Jazz Band**, which was one of the best yet, met every Thursday at lunch hour to practise. This rehearsal time really paid off for the one concert that the Jazz band staged. They played songs like "Fraggle Rock" and "Atlantic Avenue."

The Jazz band is made up of a smaller group than the concert band and is composed mainly of brass instruments.

## Top: Jazz band members.

**Front**, Dan Tidball, Pat Pevec and Josh Walter.

**Second row**, Terri-Lynn George, Jody Battle, Nathan Looyenga, Eric Chorostecki, and Justin Halliday.

SCITS MUSIC

# ...Choir \*

The **SCITS Choir** has had a successful year in 1998-1999. They have pleased crowds at music concerts, the Vision Nursing Home, Bayside Mall, Lambton Mall, and St. Joseph's Health Centre. The choir sang some favourites in the concerts such as "Can you Feel the Love Tonight?" and "Joseph Medley" from *Joseph and the Amazing Technicolour Dreamcoat*.

The choir was a close-knit group who enjoyed performing for audiences as well as singing for pleasure. Rehearsals were held every Tuesday and Thursday at lunch hour.

**Top:** The choir performs at the music concert, while the talented Miss Dath conducts.

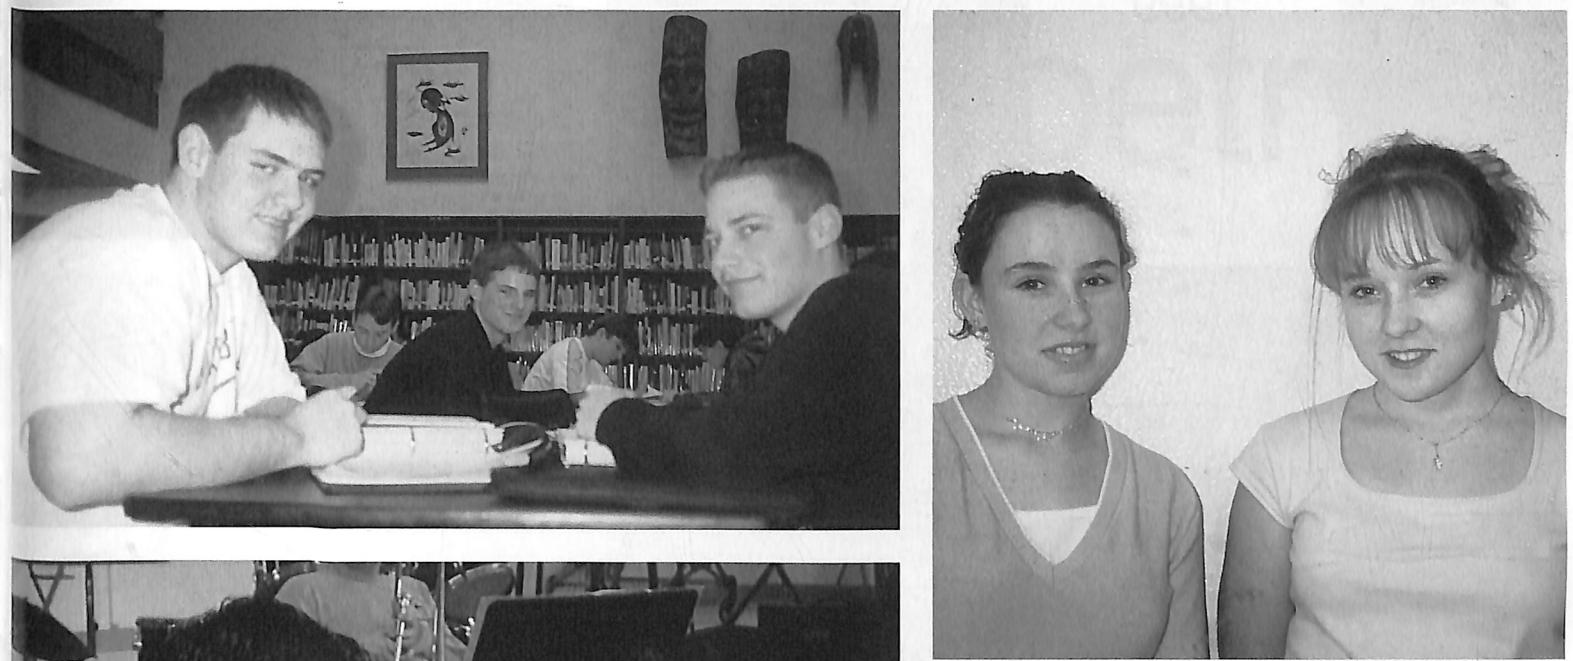

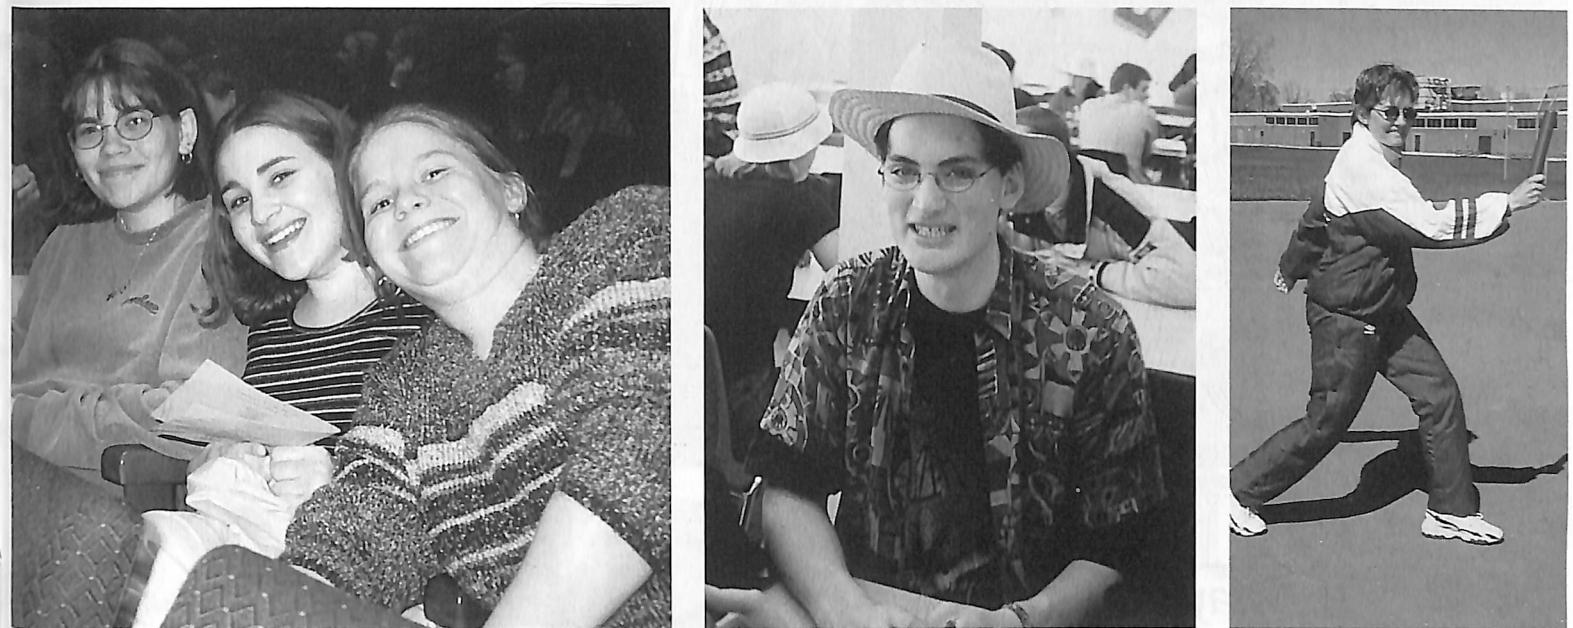

**Bottom: Front,** Chris Deacon, Wayne Karbowski, Angela Henderson, Miranda Turner, Pat Pevec, Catherine Routley, Amy Howard, Terri-Lynn George, Christine Palya, and Gord Spence.

In the past, our ancestors held many celebrations and ceremonies for various reasons. Today, a Pow Wow is a celebration of Native people getting together for a commemoration of the past.

We greet and give thanks to Mother Earth for nourishing us in many ways. It is with the songs and the heartbeat of the drum that we dance to renew ourselves and

celebrate the honour of our ancestors and the joys of creation.

The dance area is in a shape of a circle and represents the cycle of life, the moon, the sun and the earth.

The Pow Wow is held to create better Native awareness and to share a small part of our culture with others.

## Nameless

You said it so well,  
You said it could not be said.  
The love that we share  
Goes beyond description,  
Beyond description,  
Beyond comprehending...  
To a place where reality  
Has to grasp  
Just to reach understanding.  
And even then one has to wonder,  
Can I put a name  
To a feeling that takes me  
Above the earth  
Above the sky  
Out to a Place  
Of limitless expanse?  
Where I float  
On wings of the sunrise  
And the rainbows.  
Where I soar upon moonbeams  
And melt in the waterfalls.  
And it is not nonsense  
Only life's sweetest bliss.

## Blessed

For seeing me in the light of mercy  
that I thought could never be...

For taking the time to listen  
when I did not want to talk...

For silencing the tears that threaten  
with a simple look of understanding...

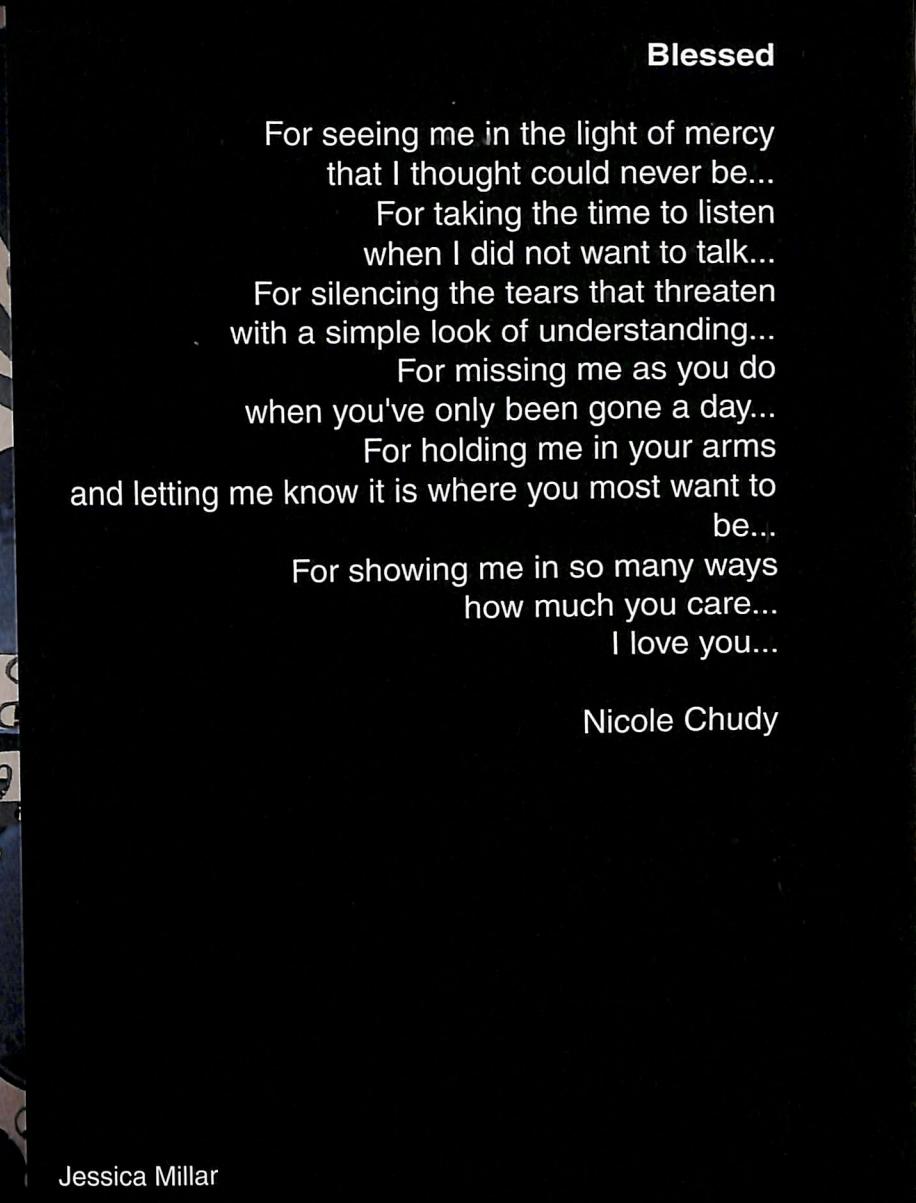

For missing me as you do  
when you've only been gone a day...

For holding me in your arms  
and letting me know it is where you most want to  
be...

For showing me in so many ways  
how much you care...

I love you...

## If Fate Would Allow

If fate would allow, I would carry you to the ends  
of the earth and cover you with rose petals

Like the ocean, my love for you is an everlasting  
and never-ending flow, which swells and crashes  
onto the rocks of reality.

With the clouds of heaven, your love enlightens  
my soul and carries it to a higher ground, a new  
consciousness.

Every time your hand is placed in mine, I feel the  
boundless energy and life which exists between  
us and unites us as one.

I see the wisdom in your eyes and hear the truth  
in your words.

Our souls are intertwined and exist for each other

If fate would allow, I would be with you forever.

Charlie

I thought I found a new love  
But it wasn't meant to be  
I cried myself to sleep  
Because he was no longer here with me

Then I thought of you  
and how it used to be  
Everything was perfect  
When you were here with me

My love for you has never stopped  
And surely I have not forgot  
All the great times that we had  
Until I screwed it up

Stupid me, I broke it off  
I really don't know why  
I thought that I loved someone else  
But it was just a lie

Now I sit and realize  
That we were meant to be  
I don't know how to say this  
But I need you here with me

# our school year productions

# Let it Shine in '99

**ABOVE:** "Thirty Beers for thirty years" was not all Mr. Burrowes received for his three-decade dedication to the Revue. On the final night of his last show, Director Marcus Burrowes was crowned, then presented with a gold trophy by Andrea Deneau, on behalf of the staff and students of S.C.I. He later received a T-shirt signed by the entire cast and crew of "Let it Shine in '99."

After thirty-one years of putting together one amazing production after another, it was no surprise that people were teary-eyed over the realization that this year's show was Mr. Burrowes' last.

**TOP LEFT:** The cast of the Revue performing the grand finale, a song put to the tune of "Jump Jive 'n Wail." Though the stage crew and tech crew cannot be seen, the show would not have been possible without them.

## Mr. Burrowes' last **REVUE**

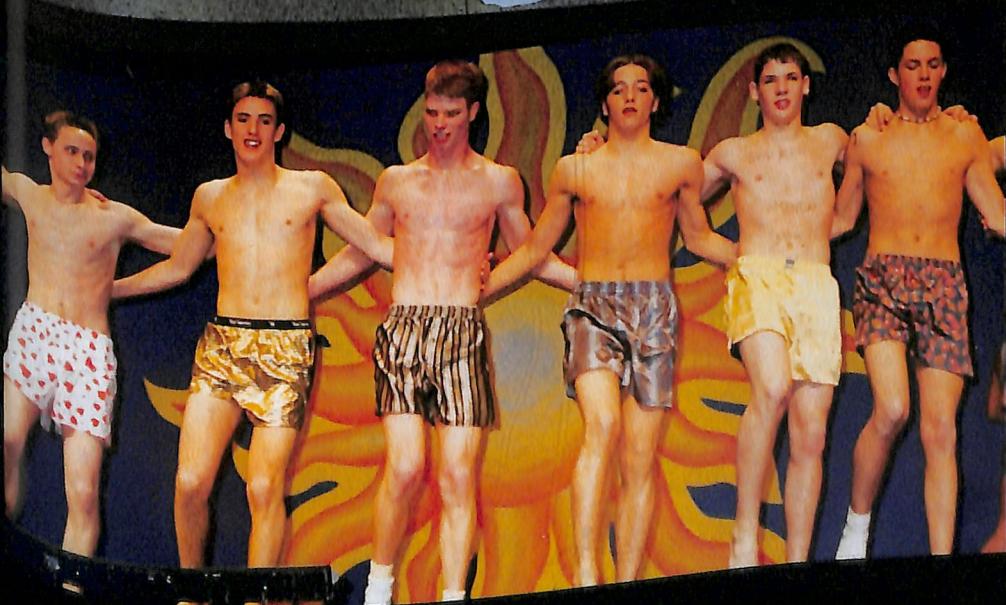

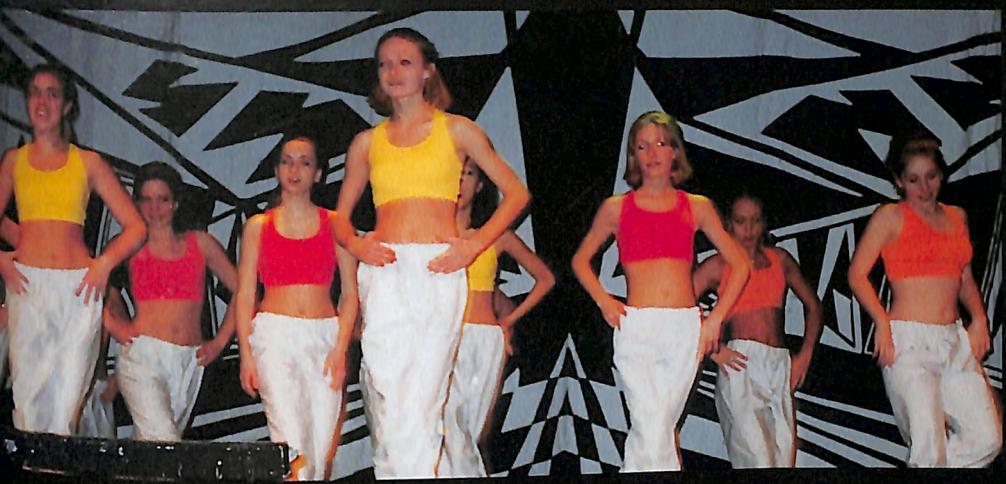

Let it Shine in '99  
Was our full house's cheer.  
This show was a great one--  
Perfect for Mr. Burrowes' last year.

The Revue was a success,  
Our school was very proud.  
There were awesome performances--  
You could tell by the crowd.

There were dancing and acting,  
Really talented singing.  
There were some pretty funny fillers  
And a whole lot of swinging.

Very entertaining--a definite 10.  
Way to go, White and Blue!  
Another amazing show,  
Thanks to our cast and crew.

# Fashion

The **SCITS Fashion Show** which occurs every spring showcases students and teachers wearing fashions from approximately 25 Sarnia stores. In addition, the show provides donations to local girls' homes in the community. The SCITS Fashion Show is a really fun way to get involved in extra-curricular activities in the second semester.

# A Midsummer

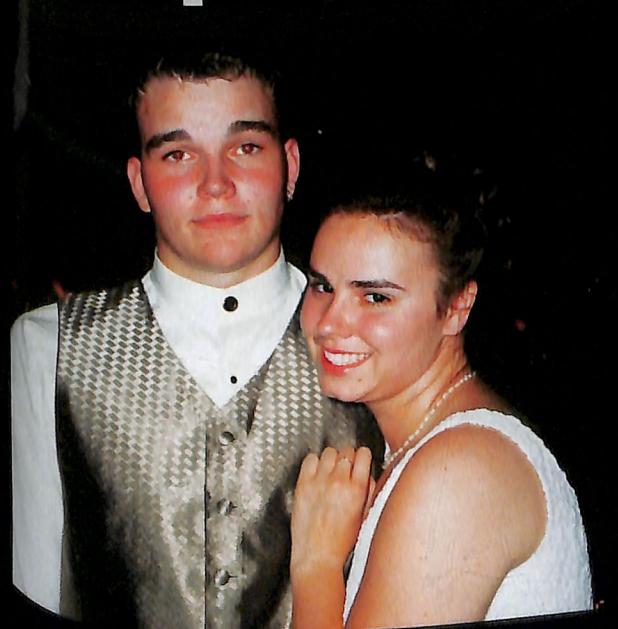

Prom was held Saturday, June 5, at the Courtright Silverdome, with the theme, *A Midsummer Dream*. The Prom Committee worked tirelessly to prepare all of the arrangements--decorations, rental of the hall, organization of food and door-prizes as well as numerous other details. Kristy MacGregor led the Committee along with Tara Soeder and Emily Cadieux.

Prom was a great success again this year with over 200 in attendance. The night went splendidly. Congratulations to the Prom Committee for their fine efforts.

# ST. DONAT

Once again the French trip to St. Donat was a great success. We stayed at Le Manoir des Laurent for the duration of our trip and skied at the gorgeous Mt. Garceau. Some of the activities on the trip included snowshoeing, tobogganing, cross-country skiing, and you can't forget about down-hill skiing. We also enjoyed some French music complimented by some music of our own. A great time was had by all, including: Lindsay Battle, Brandy Shortt, Andrew Wheeler, Shannon Brooks, Scheana Lasenby, Andrea Bremner, Krystal Clarke, Tammy House, Adam Shea, Craig Little, James Gandier, Steve Thompson, Heather Daye, Kaylan Hovencamp, Paulette Bonvallet, Adam Vanwijnen, Jessica Chorostecki, Matt Piggott, Jamie Barron, Kate Sherman, Brian Johansen.

# S P A I N

Hola: Me Gusta Espana!

March Break, 1999, was a memorable time for an adventurous group of SCITS students who chose to follow Mr. and Mrs. Davidson to Europe. During their nine-day trip this lucky bunch also had stops in London and Zurich. They even spent a day in Morocco, Africa, after braving the Straits of Gibralter on "rough seas." Camel rides, bartering, mint tea, spice shops and a little rain were the order of the day.

Fuengirola, Granada, Sevilla, Segovia, El Escorial were all just strange names before they became places to us. Alhambra, Alcazaba, Pantheon, Plaza, Puerta, and Alcazar were just weird names until they became "photo op" shots of neat things. What a great country! Mike could not believe his eyes when he spotted three of his favourite beverages in most corner pop vending machines! Going out at 12:30 a.m. to a Club that just opened for a normal night of music --and dancing was a lot of fun in Madrid. Shoe stores, jewelry stores, clothing stores, and souvenir shops were the cries of the "shop 'til you drop" gang. Hey--do you flamenco, too?

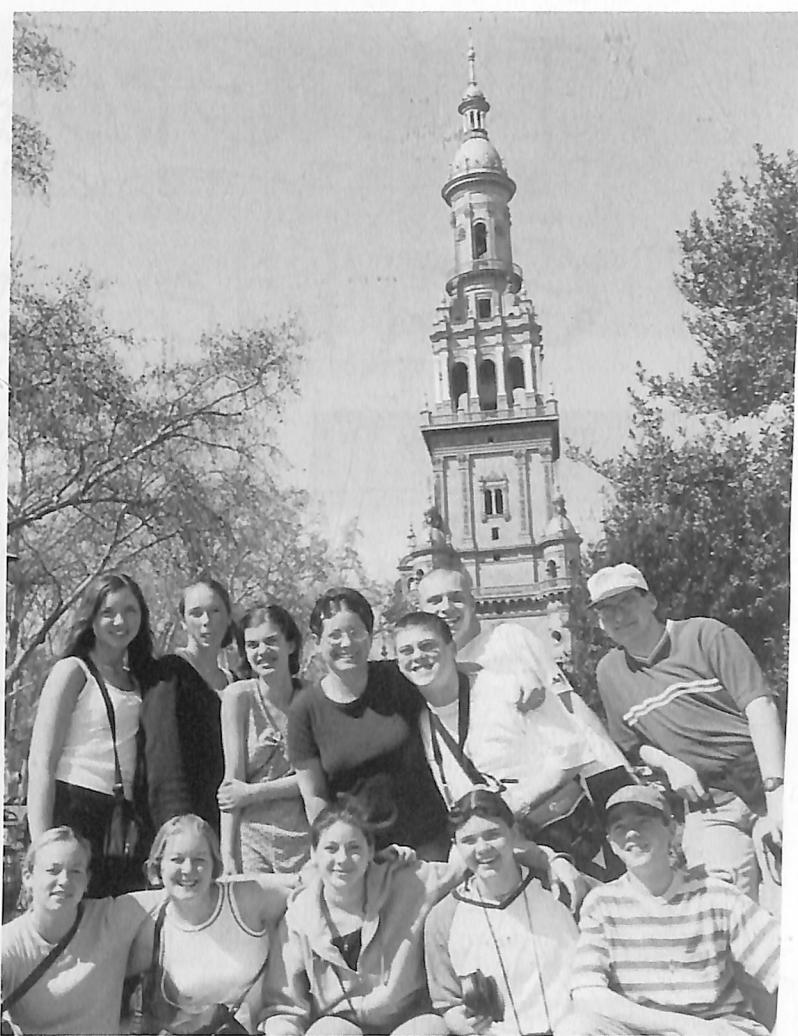

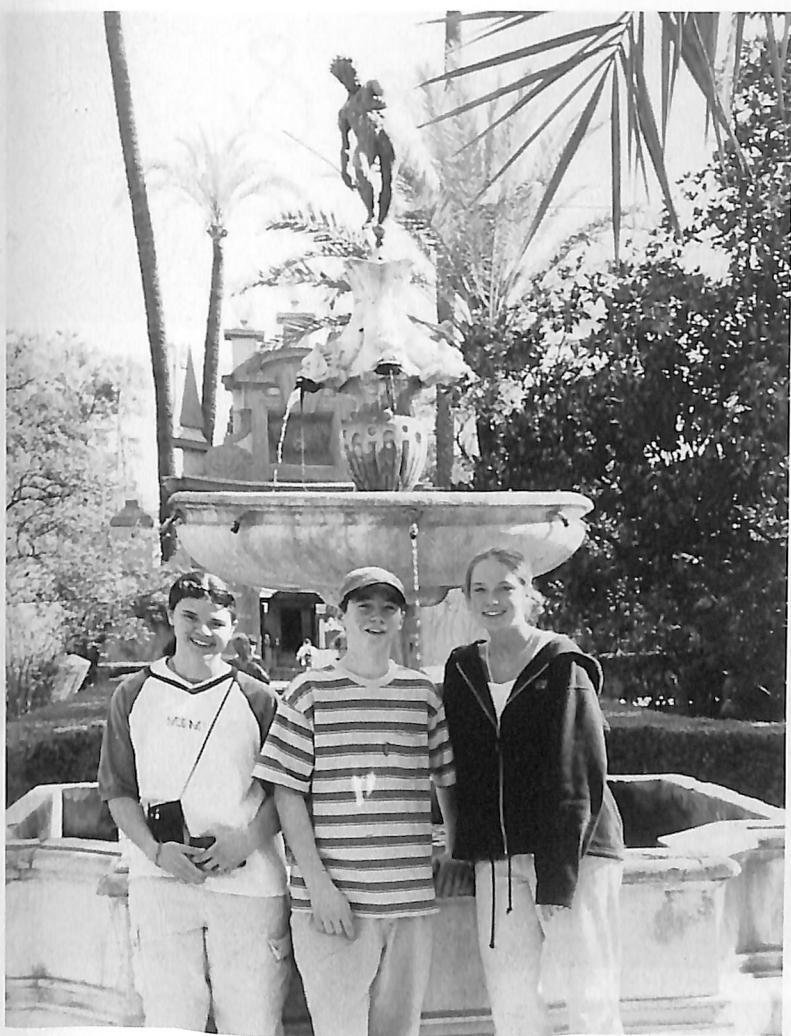

It was a great time. We will always remember Spain. We won't ever forget our one night on a train travelling via couchette somewhere in darkest Spain. Greg Wood summed it up when he said "Good-bye" at the airport. "A week ago you guys were just faces, but now you're faces with attitude."

# The Great Ride & Stride for Cancer

The Great Ride and Stride for Cancer was held April 25, 1999 at Centennial Park. Mr. Richardson organized the SCITS participation. Shannon McNair collected the most pledges, along with being the featured cancer survivor. Way to go Shannon!

# S.O.M.A.

(*Southern Ontario Model United Nations Assembly*)

**SOMA** is an annual model United Nations Assembly hosted by the University of Toronto School in Toronto.

Preparation began in December when interested students were assigned to teams, and then filled out registration forms. By January, SOMA notified the teams of what countries they were to represent.

Elaine Restorick, Dave Moore and Joel Harding represented Brunei. Kristy MacGregor, Lisa DenBoer, Jessica Henderson and Tara Klompstra represented Sao Tome and Principe.

In February, the students learned the process of drawing up resolutions by writing their own. By March, they were familiar with their country's government and foreign policy so they could submit their coun-

try's position paper.

SOMA ran in late April for five days of debates about world issues. Those who attended voted, debated, and spoke about world issues affecting their country.

SOMA is a worthwhile and exciting experience. Anyone who is even remotely interested in participating should consider attending next year's session. This is a chance to experience international politics.

# Physics

The Physics Olympics is our annual competition hosted at L.C.C.V.I. This competition involves teams of up to five members competing in events such as the Bridge Breaking, Mousetrap Cart Run, and the Tennis Ball Catapult. This year's team placed 5th overall, out of 14 teams. They took home First Place in the Poster Design event, as well as a 3rd Place in both the Memory event and the Problem-solving event. **Go Team!** This year's only team from S.C.I.T.S. included Patrick McLaughlin, Mark Wyville, Mike Smith, Kerri Archer, and coach Justin Filip.

# LAMBTON COUNTY SCIENCE FAIR

The annual Science Fair was held at Lambton College, April 16 and 17, 1999.

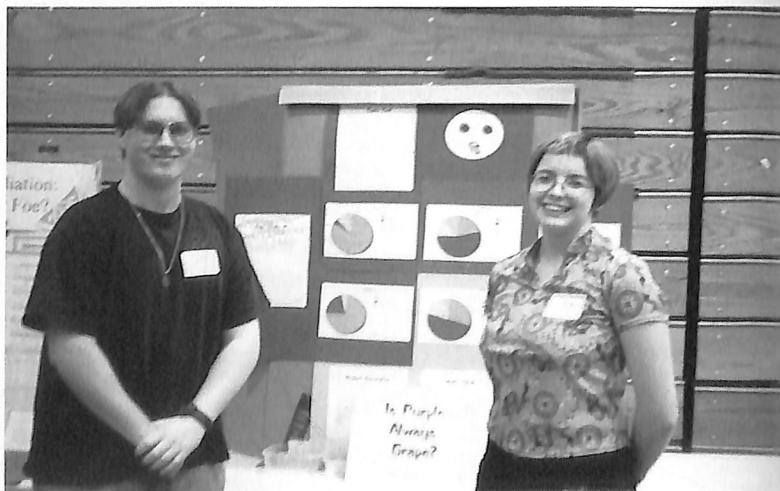

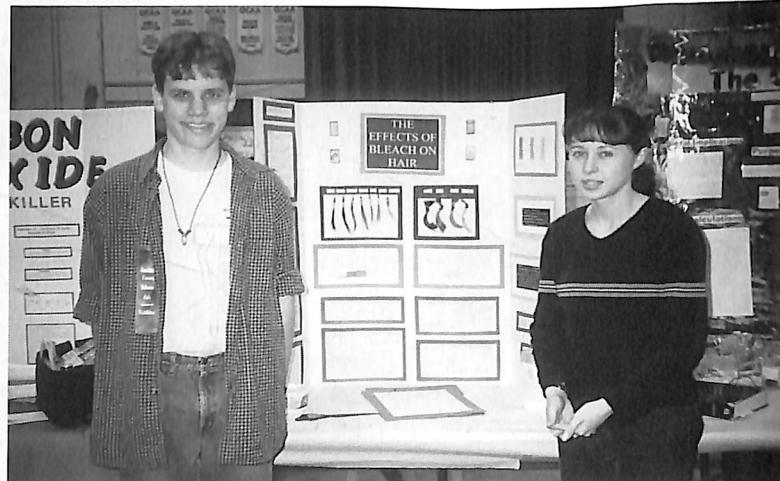

**Top:** *Do Life Savers Spark in the Dark?* Grade 10 student Miranda Restorick won first place for her entry in the Intermediate Physical Science division. She was awarded a certificate, a ribbon, and a \$40 cheque.

**Middle Left:** *S.I.N.full Coasters.* Grade 12 students, Stacey Simmons and Kerry Archer, won first place in the Senior Applied Science division. They were each awarded a certificate, a ribbon, and a \$20 cheque.

**Middle Right:** *The effects of Bleach On Hair.* Kyler Brouwer and Audrey Restorick examined the effects bleach had on hair colour and texture when left on for different periods of time.

**Bottom Left:** *Hidden Treasures.* Tara Soeder and Amanda Smith presented an amazing Powerpoint explanation of the complicated process of electroplating.

**Bottom Right:** *Is Purple Always Grape?* John-Paul Fillion and Jen Griffith found evidence that the colour of a candy influences one's perception of the flavour.

# Phantom Trip

A Moderns class travelled to Toronto this spring to the Pantages Theatre to see the most fascinating and exciting *Phantom of the Opera*. It was a long bus trip, but everyone enjoyed the outing.

The bus left the west parking lot at 7:00 a.m. with all aboard, and returned to the school by 9:00 p.m. that night. Those who enjoyed the trip included Robyn Short, Jessie Cope, Jessica Filip, Amanda Skerritt, Tammy House, Shelley McLean, Kory Peters, Luke Oke, Jessica Hopper, Tina Beauvais, Amanda Robinson, Amanda Punch, Jamie Bissonnette, Mike Behnke, Sarah Belton, Emilie Tidball, Chris VanGrimberge, Erin Chapman, Sarah Willert, Jen Leitch,

# 1998-99 Retirees

## **Mr. Norbert Goebel**

*Mathematics Teacher, SCITS, 1982-1999*

**"Develop lasting friendships"**

Mr. Goebel grew up in Alberta, and attended the University of Alberta, Queen's University, University of Waterloo, and the University of Western Ontario. In his long and varied teaching career, Mr. Goebel has graced the halls of almost every secondary school in Lambton County--with the exception of North Lambton.

Mr. Goebel believes firmly that students at SCITS should make a priority of developing lasting friendships. Good friends will be around for a lifetime, long after the daily routines of high school have ended.

Mr. Goebel, though enjoying teaching mathematics, has taught computers and physics during his teaching career. He feels that he has made no one particular outstanding contribution to SCITS; however, he has assisted with many Commencements in his 17 years here, many school dances, the 75th Anniversary celebrations, numerous math contests, and photography for our second-floor bulletin board and yearbook.

We wish Mr. Goebel well as he looks forward to a long retirement during which he hopes to travel a great deal. However, for the time being, he is concentrating on the "here and now" and he figures the rest will take care of itself.

## **Mrs. Barbara Peterson**

*English Teacher, S.C.I.T.S., 1991-1999*

**"To strive, to seek, to find, and not to yield."**

**--Ulysses (Alfred Lord Tennyson)**

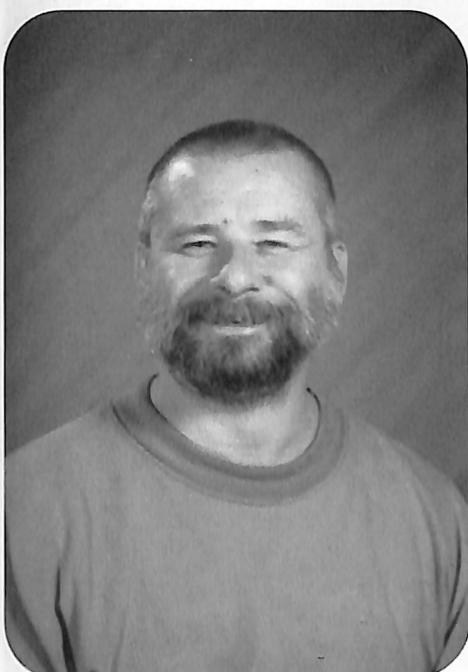

Mrs. Peterson grew up near Clinton, Ontario. She attended highschool there also. To further her education, she went off to the University of Waterloo and later one year to Western. Mrs. Peterson came to SCITS after teaching at various locales--Port Colborne, North Lambton, and Sarnia Northern. She returned to SCITS to finish her teaching career. Mrs. Peterson has been at SCITS now for the last eight years.

An accomplished teacher of English, she has also taught some History. In other activities at our school, she has contributed to the Writers' Craft classes, worked on the class magazine, and helped with the Coffee House, a special evening of art and poetry for the senior English students. She has also been the advisor of Christian fellowship and morning prayer.

In her retirement, Mrs. Peterson has plans of writing for publication, working on crafts, and traveling to the Dominican Republic to do missionary work. Mrs. Peterson says that she has enjoyed being part of SCITS. The school has many talented young people and a very supportive staff.

# 1998-99 Retirees

## ***Marcus Robertson Burrowes***

*History Teacher, S.C.I.T.S., 1968-1999*

***"Thanks for thirty-one great years. I'm sure I have learned more from you than you have from me!"***

Mr. Burrowes taught at S.C.I.T.S. for 31 years--his entire teaching career. He taught such subjects as history, economics, society, law--and way back when, he even taught English. He was so completely active in activities at S.C.I.T.S. that he will be missed by many--staff and students. Mr. Burrowes contributed his time to such as activities as the Revue, the Grade 10 history trip (to Ottawa), junior football (coach), weight training club, and prom. Also he has been a model in the Fashion Show and an actor in Canned Food Players.

We are going to miss Mr. Burrowes but he has a great retirement planned. He is going to do some sailing and some traveling. But primarily, Mr. Burrowes is going to spend some quality time having fun with his grandchildren.

To all of the graduating students Mr. Burrowes passes along this advice:

*"Remember, if you're not having fun, it's not worth doing."*

## ***Miss Sonia Kostaniuk***

*Phys. Ed. Teacher, SCITS, 1970-1999*

***"Warmest wishes for good health, happiness, and fulfilment"***

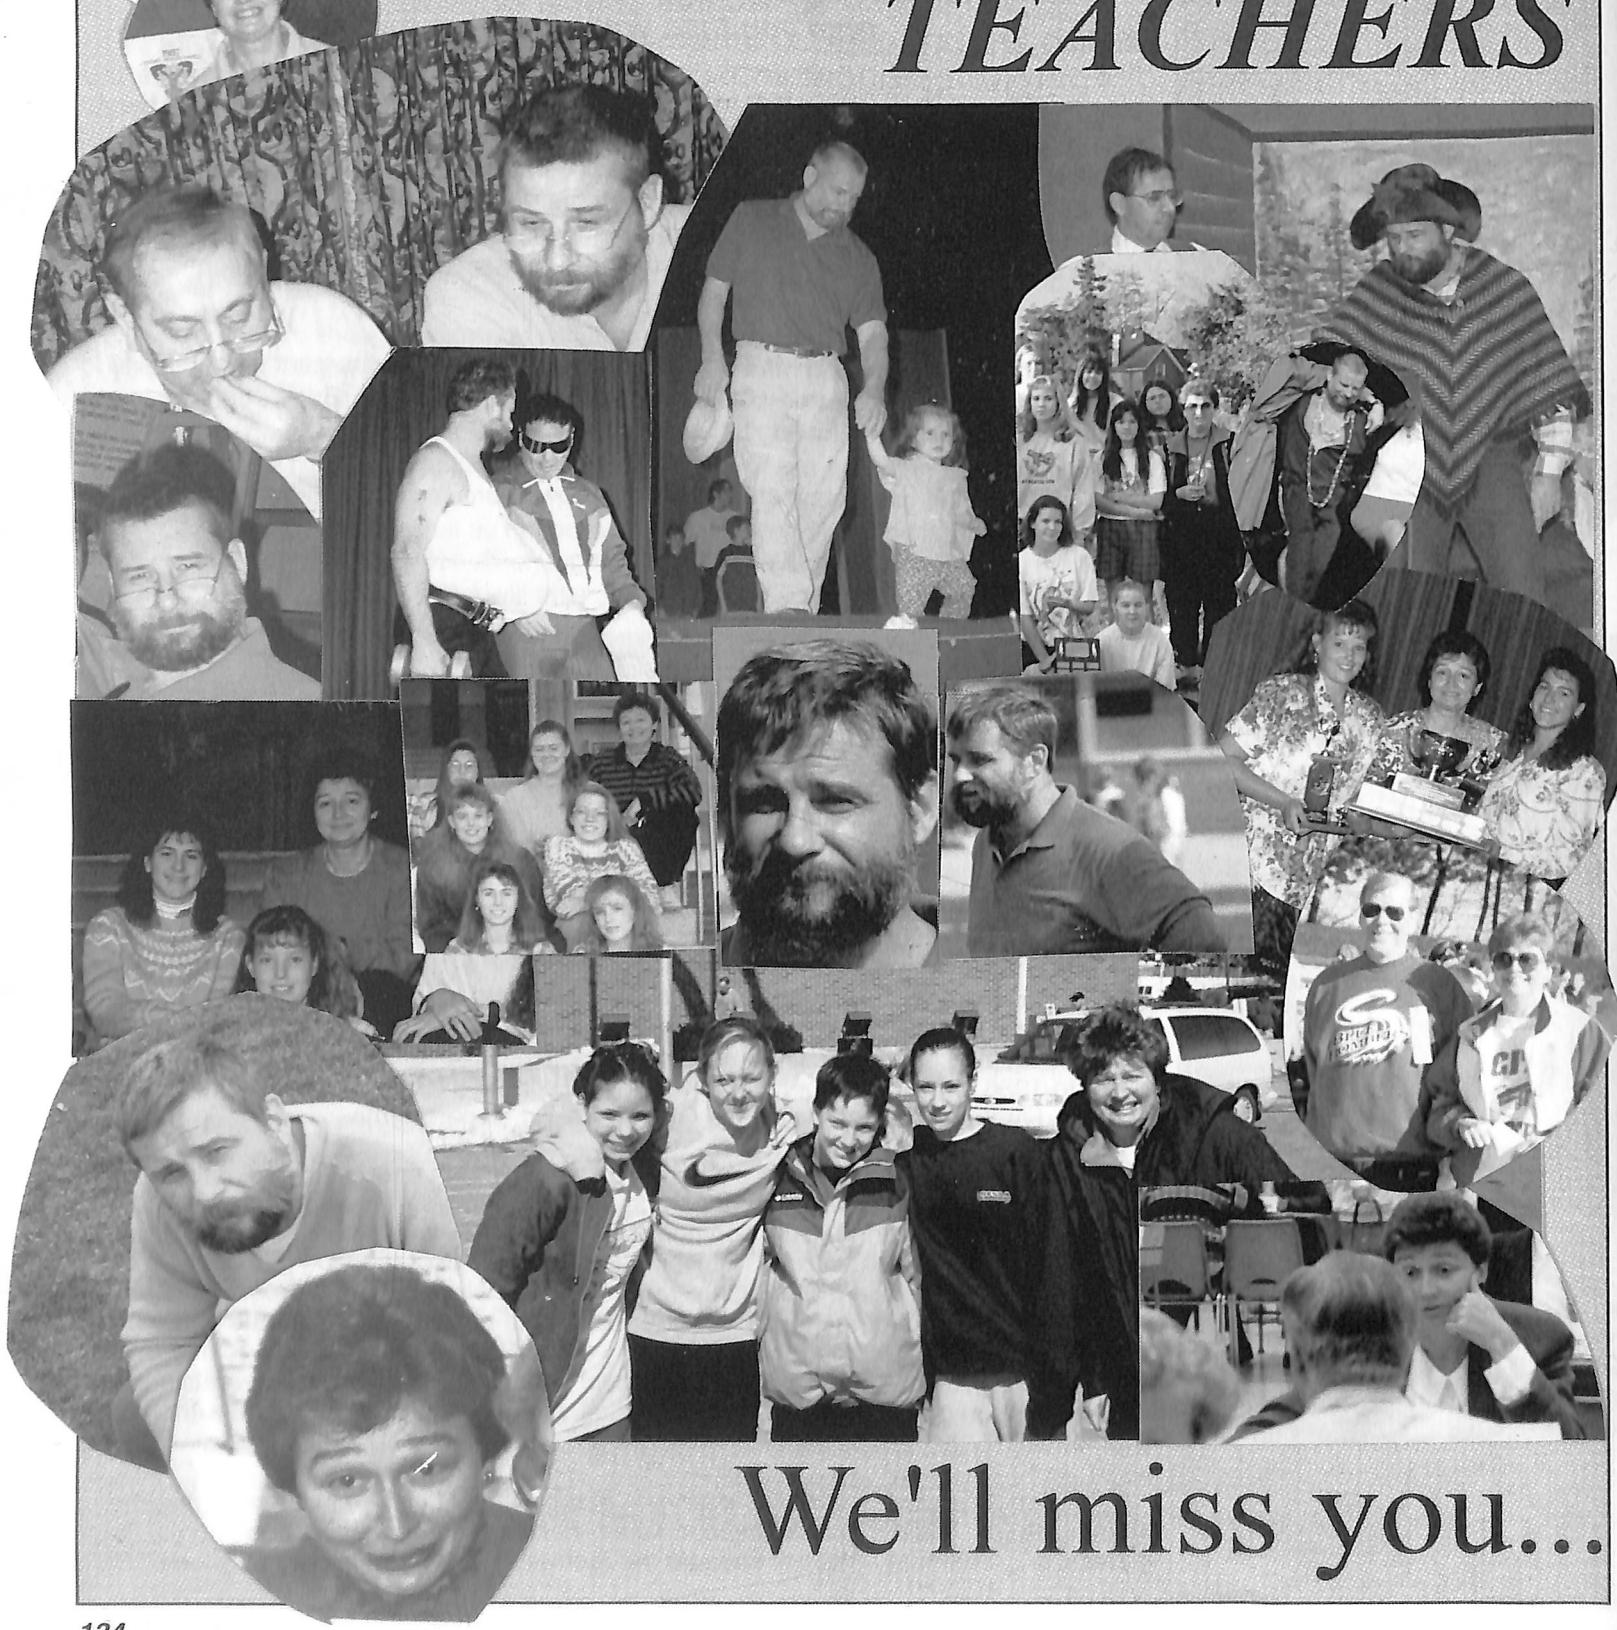

Miss Kostaniuk grew up in Winnipeg, Manitoba, and had her formal education at the University of Manitoba, and did her teacher training at the University of Toronto. She began her teaching career in Lakewood Secondary School in Kenora, in northern Ontario, where she spent 3 years, and has been at SCITS ever since. In all, her teaching career spans 32 years. Miss Kostaniuk has taught physical education and history. From 1970 to 1986 she was the head of Girls' Phys. Ed. at SCITS, and since 1987, has been the head of the combined Boys' and Girls' Phys. Ed. departments.

Miss Kostaniuk has been active in coaching various sports, co-ordinating athletics, organizing GAA, Homecoming parades, 75th Anniversary celebration, particularly the GAA Past Presidents' Reception and the parade. She was involved in many different activities during her years at SCITS. Her longest standing contribution has been as GAA advisor/co-advisor. There was a time when the GAA was one of the most vital clubs in the school, because of the outstanding leadership of many past presidents and a large involved membership. The club sponsored many school dances and other special events such as Posture Queen contest, pool and pizza parties, special fund-raisers, dance-a-thons, Homecoming, the always superb Fashion Show, and athletic banquets.

Miss Kostaniuk extends to everyone in the SCITS family--all students, teachers, administration, and our excellent support staff--her warmest wishes for good health, happiness, and fulfilment. She will treasure the memories of her time spent at good ol' SCI.

# Exchange

Kjell Gunnes is an exchange student who hails from Norway. Kjell is eighteen and is in Canada for one year. Kjell chose Canada as his host country because he wanted someplace that is known for winter, much like Norway is. Too bad that Kjell arrived when the temperatures were above 30°C and we had one of the hottest summers on record. Kjell said it was so warm in Canada it felt like Florida.

Kjell has been taking english lessons for the last eight years and has had a chance to practice what he has learned here at SCI.

Kjell experienced a wide range of classes, including Mr. White's Drama and Mr. Davidson's OAC Canadian Studies class. Kjell was an active participant in many intramural sports and took advantage of the unique extracurricular activities at SCITS.

SCITS is totally different than Kjell's highschool because of the sports and extracurriculars available to students. Kjell enjoyed SCITS teams especially the hockey team! He will always remember how much Canadians fight in hockey and may take some of this newly learned technique back to Norway.

During his spare time Kjell enjoyed meeting new people, hanging out with friends, playing soccer and hockey as well as working out in the SCITS weight room during his spare.

Kjell will remember SCITS and the staff and students most of all. "I'm thankful to the students of SCITS, they have been very friendly."

Paulette Bonvallet is an eighteen year old from Caracas, Venezuela. Paulette visited Sarnia for an entire year. Paulette chose Canada as her host country because many people she knew chose the United States as their host country. Paulette wanted something "different and better."

Paulette will remember the lockers of SCI, because at her school there are no lockers. Paulette found the hallways confusing and found it hard to find her way around at first because everything looked the same.

Paulette enjoyed Mrs. Ruffilli's Parenting class, Mrs. Ramos's Spanish class and Mr. White's Drama class.

Paulette's parents suggested that she learn english and go on an exchange. Paulette finds Sarnia very small since she lived in Venezuela's capital.

Paulette will remember SCITS, the students and teachers and her host family the most after she leaves Canada.

During her exchange Paulette learned about people. "Some of them are really nice and they have a different point of view for everything, but I think I have really good friends and they know who they are!"

SCITS is different than Paulette's highschool because at Paulette's school there are nine classes a

# Students

day for the year. They also have to wear uniforms. Coming to SCI was certainly a change for Paulette.

During her spare time Paulette enjoyed the nightlife. She enjoyed getting together with friends and partying as well as going to new places and listening to music.

Venezuela is different than Canada, according to Paulette because we have snow. In Venezuela Paulette enjoys going to the beach all year round and enjoying the warm weather.

"Traveling makes you learn about people. You can find really good friends wherever, but you need an open mind. At the beginning it's scary because you don't know anyone."

"Doing an exchange makes you stronger, because it's really hard to be far away from your family, friends, and customs in a different country with a different culture."

Paulette would like to thank all of the staff and students for helping her throughout her exchange to learn things she would not have learned without doing the exchange.

Maud is a fourteen year old exchange student from France. Maud visited SCITS for three months and was in grade 10. Maud lived with Hailey De Roy and her family during her stay. Hailey then left for France for three months and lived with Maud.

Maud was from a small town in France and found Sarnia similar in size. Maud really liked Canada and had a chance to visit Niagara Falls and Toronto.

Maud thought Sarnia was a nice city. During her spare time Maud enjoyed going to the movies, youth group meetings and out with friends.

Maud chose Canada as her host country because it was recommended to her by others that had gone on an exchange to Canada.

Maud especially enjoyed Mr. White's Drama class in which she got to try her hand at acting, complete with a French accent.

While here Maud conquered a semester of English, History, Drama and Math. Maud found the homework level and course load easier here than in France.

When asked what she would remember most about SCITS Maud said that she would remember the people the

most. She said that she would always remember the friendliness shown by SCITS students towards her.

Maud did not want to leave SCITS and all of the new friends she had made. Maud would like to thank all staff and students for helping her to make her exchange unforgettable.
